

TOUR DE SANAWAR 2019
"SANAWAR CYCLES FOR THE ENVIRONMENT"

BY MALINI KUMAR SGD '88

On Friday 1st November 2019, Delhi's Air Quality Index stood at 484, categorised as being in the "severe" category. This prompted the Supreme Court appointed Environment & Pollution Control Authority to declare a public health emergency in Delhi on Saturday November 2nd 2019.

Meanwhile, on Sunday 3rd November 2019, nestled in the lower Himalayas in an oasis of trees, green hillsides and fresh air a place called Sanawar, The Lawrence School cycled for the environment. Dedicating itself to reducing its carbon footprint, the use of plastic, ensuring the use of solar power and most importantly conserving water. The recently concluded Tour De Sanawar was a high impact event where the focus was on creating a vehicle free campus.
