

The Lawrence School, Sanawar

:::: Students of School health Club conducted a Health Camp - 2012 ::::

Students of School health Club conducted a Health Camp at a local village-Sillad, tehsil Kasauli. On 6th May 2012.

More than 100 children, women and men were screened for anemia, diabetes, hypertension and eye and ear ailments. The students and the School Doctor apprised the people about cancers related to tobacco smoking/ chewing and symptoms of reproductive tract cancers. Children and mothers were told about the importance of having a balanced diet and importance and method of teeth brushing, was demonstrated.

Health Club conducts two days, Basic First Aid and Cardio Pulmonary Resuscitation awareness program at local Govt. higher secondary School in Garkhal on 9th and 10th of May 2012.

Students the School Doctor and the Paramedical staff demonstrated, on manikins the CPR technique and everyone practiced the same.

Similarly ways of using bandages was demonstrated and all were made to practice.

Besides this, students were shown an audio- visual presentation on different everyday health related situations and ways of dealing with them like sprains, nose bleeds, cut and injuries, epilepsy, electrocution, to name a few.
