14th January 1878

Sir

In reply to your No 4792 of
24th ultimo. I have the honor to
state that I do not see how we
can prevent the breakages of so many
panes of glass unless the Public
Works Dept. Authorities will be good
enough to cover our windows with
wire. The boys have very small
play rooms and a very small recrea-
ground. Should a boy break a pane
of glass out of mischief, he would
of course be punished. And panes
are broken by native workmen at the
Annual whitewashing and general
cleaning up, they might well be re-
placed by the Overseer in Charge
under the head of Contingents.

In the case of Officers occupying

detached bungaloes a charge might reasonably be made for broken panes except not when caused by Storms & if you will be good enough to appoint a glazier to attend to this particular work regularly the cost of glass in some instances, could be recovered through the Asylum Office.

On the 28th of last month as many as ⁵ panes of glass were broken by a severe hail storm.

To the Officers Commanding

4th Dist 1st Regt 1st Brigade.

23rd Jan '47

Efforts having frequently been made to the Paymaster of the Regt under your command for a last pay certificate for Lt Corp. Stone without effect, I signed has the honor to request he will be good enough to furnish him with the Certificate to & for the 15th Oct on which date he was posted to Lawrence Military Asylum as a probationer for the Lt attached list in accordance with Adj^{ts} General's No 2932 C of 12th Oct 77

The Paymaster in his No 19 of 11th Dist states that his pay was issued to the Officers Commanding at Nasauli & in his No 40 of 19th Dist notifies that the pay will be forwarded as soon as a N. T. Receipt can be obtained

As Lt C Stone was appointed to this Asylum on the 15th Oct 77 & Army pay to & for that date only from Nasauli Depot & Pay was issued from this Institution from the 15th it is unnecessary to state that the Army pay for the last half of the month cannot be accepted - & the N. T. R.

will have to be returned

By the return Certificate enclosed it will be seen that the man drew no rations after the 13th Oct 7.

To enable it signed to recover from Govt the amount of pay issued from that date requires the favor of his furnishing the Certificate at as early a date as convenient.

To U. A. Gov.
Calcutta

28 Jan 78

Sir

Owing to a change of Clerk
in this office your letter of 24/1/78
was mislaid since the date
of my telegram it has been found

In reply I have the
honour to point out that if
the children noted in the margin
are the orphan children of
deceased European soldiers who
served in this country they are
eligible for admission to this
asylum on the Institutional Foundation

Authority to admit such
cases rests with the Committee
of guardians who act in
accordance with rules laid down
by Gov

Had the children referred
to been eligible for admission
on the former orphan foundation
the matter would have been con-
sidered & settled by the Controller
of Accounts

Children admitted to the
Asylum on latter foundation are
for the time being wards of Govt
& there appears to be no reason
whatever why special sanction sh^d
be applied for in the cases now
noted

As regards carriage it sh^d
be supplied by the nearest B.R. Station

M. A. B. Flynn
J. W. Flynn
D. J. Flynn
R. S. F. Myall
J. F. Laine

If there be any objection on the part of the Controller of Military Accounts to such a course, which I do not apprehend, I would suggest that distinct orders be solicited from the Supreme Government through your Department for the ruling of all future cases.

The accompanying forms should be filled in when the children start for Sarawak

Sir
In submitting the bills of the
Lawrence Asylum for the month
of February 1878 I have the
honor to state
1st That the delay every month
in their submission is owing
to the late receipt of the
Commissariat Bills for rations.
2nd That Bill Form 2 Item 8
Nos 1a & 10a were omitted
from the January Accounts thro
a misunderstanding of Controllers
Nos 11239 & 11242 of 4th Feby. 1878
At the time of the despatch of
the bills for January the Commissariat
account was not received. It is
therefore therefore entered in the

February account in accordance with the Instructions continued in his objection Statement No ³⁴⁰ ~~340~~ dated 13th Feby 78 3rd That Form 2 Item 16 No 49 was omitted in error in the bills submitted for January and is therefore included in those for February.

4th With reference to the defaulters shown in Form No 3 Parents Fees has the honor to forward copies of Nos 195 & 196 dt 12th Feby 1878 to the Officer Commanding the 10th Hussars & 2nd Rifles & to which up to present date no notice has been taken.

5th The large balance in hand was unavoidable as the money was estimated for before the order was received with reference to the Commissariat bills. It will however be absorbed the month following (March) as less money has been estimated for.

To The Examiners

Pay Department

Calcutta

With reference to objection
Statement No 13412 of 4th April
11th April 98 & 4th May 98 returned
returned and also with reference
to his memo 13412 of 9th May 98
has the honor to state that
travelling allowances are given
only for travel being necessary
for service or in obtaining
the age of 16

34
13.5.98

In all such cases Railway
Warrants are also provided
at the expense would be
higher than they are

On the whole the matter
is done as economically as
possible & most probably at
a cheaper rate than what
per mile. For instance a
Miss Whiting has lately been
sent into service on a
Kohat but as it was arranged
that she should stay on the
road at Lahore a Railway
Warrant to that place was
supplied & no further the
additional expense has been
for her expenses the wife
of Capt. Major Cottrell

etc

341
Continued

4 As regards output it should be stated that so reasonable & necessary a provision has been made during the last 20 years but only in the case of wards getting married or being placed out in the world

5 They have been budgeted for and also brought to notice in the published Annual Reports

6 Authority for such charges cannot at present be quoted but on looking over old records it will be seen that the Local Charges have never been disallowed

7 If objected to the object will be to obtain the gross up wards in the institution. It is however desirable that the cost of an outfit should be a sum fixed by Govt & this matter has been referred

8 On looking at the Budget Estimate for the year 1898 & 1899 it will be seen that outfits were included

241
Continued

10 As for the objection regarding Stage & Motion it should be pointed out that exhibits were charted for in a similar case viz, Armstrong and Farns who went to the Debrae Training School on 5 October 72 and that it was on the occasion of a second exhibit being demanded that an objection was raised by this Office.

11 Warm material could not be procured in time for exhibit case and has since been sent to the employees of wards; but in future this practice can be discontinued if readily procurable.

Sir

I have the honor to forward letter No 559 of 5. 11. 70 from the Comd Officer at Kasauli with reference to your No B+T of 12. 11. 70

Examiner, Pay Dept.

Sir

With reference to your No B+T No 263 and in continuation of this office letter No 440 of 28. 11. 70, I have the honor to report that the sufficient balance Rs 3684.13.1 is still required for working purposes and that it has always been kept in view in the annual estimates that are submitted to Government for their consideration.

It would have been better for it to appear in the last Special Object Fund Memoranda instead of in the Financial Statement.

It is Government property and it was purposely left in the hands of local authority for their use. It was my own intention that this amount should be added to the Special Object Fund that it is very

1463

to the accumulated interests in the hands of Govt. & this was about to be done as a remittance of at least one hundred & fifty pounds will have to accompany an order for an organ to be imported from England.

A part of the inefficient balance viz. Rs. 1200 is still due from our Native School Fund which is likely to be in debt for the next two years.

In reviewing the Special object Fund account ending 31st March '98 I have noted the inefficient balance but not considered it as we should immediately have to draw against it.

I find that an item of Rs. for prize books for 1897 & 1898 has been omitted to be charged. This will be adjusted next March by which some fresh prizes & presentation Bibles & Prayer Books will be required from England.

I hope it will not be necessary for me to draw against the accumulative interest viz. 3439.1.11 which the Govt. have already in hand.

I have the honor
to be Sir
your Obt. Servant.

Sir

In submitting the accompanying letter and valuation statement of missing clothes, I beg to point out the drums & pipes referred to in the return were the remains of Instruments that had been in use by the boys for many years & that the Asylum possesses no band room where property of this description can be properly stored the instruments in fact are kept in almirahs in a recreation room open to every body.

It should be added that in accordance with Government Regulations a set of pipes & drums is allowed on indent every five years that the last received was on indent of 1st April 1844 & that no more will be indented for, till 1849-50.

The value of the missing brass etc. has been estimated at about Rs. 20. Some of the missing articles were stolen has had been noted in this office.

The corner
godowns in the Linnawan

late Kati Churn are not
required for school purposes
I can not be left in the
possession of his family

There are a few
offices connected with
the battery which belonged
to Kati Churn & these might
be handed over to the
School; but they are of
little value

Kati Churn's name
was before Govt on account
of loss of contract after
some 30 years of continuous
service his connection with
the Station having commenced
through the patronage of Sir
Maurice

His name was also
before Govt on account of
his liberality in bearing consider-
able expense in connection
with the building of our
new native school. He con-
tributed more than 1000 Rs
& made himself responsible
for the work

I do not think his family
can now afford to spare the money

Sir

In reply to a communication
from the Abbey bearing your in-
dorsement of 29th Ult I am
Very sorry that the Asylum can-
not undertake to help the Abbey
a second year

The interest of the Dyde
bequest on 99 lbs was advanced
to him in Dec 76 through your
Office although this sum was
not really due & available
till June 77 Hence no part
of the Asylum was really eligible
for this Scholarship until that
date Now long before that
date the Abbey had ceased to
be a brand

Up to the present time
the interest of the bequest
has been paid twice & on
each occasion in advance, Dec
to the Abbey & once in Feb

On the other hand
the interest has been only once
paid.

Sir,

I have the honor to forward for your information an extract from the Asylum Committee Proceedings of yesterday's date & to state that the inefficient balance viz. Rs 3684.13.1. which has hitherto been periodically accounted for in the Public Annual Reports will be absorbed in the Special Object Fund in accordance with the sanction of Government. As regards the accumulated interest of the special Object Fund still in the hands of Govt.

I beg to suggest that with the concurrence of the Controller of Military Accounts a portion of it viz.

Rps 315.2.11 may be added to the Rps 3684.13.1 so as to make it amount to Rps 4000. It is to be hoped that 4 per cent will then be passed annually for this amount.

The Library Books referred to in this office letter 463 have arrived & arrangements will be made to send remittance to England towards the purchase of an organ. Prize Books Pres: Bibles & Prayer Books. These remittance will be debited to the accumulated interest. The sum of Rs 36 will be credited in the fund state for the month of October.

Sir,

- 31/11
198.
1. I have the honor to forward for perusal & return a letter No 516 dt 14th Inst. from the Assistant Commissioner at Kasauli to my address on the subject referred to in the correspondence noted by him after it was laid before the Committee on Tuesday last (12 Inst).
 2. Mr Finley was shown the General State in the Return bills for the last six months and he was also informed of my intention to bring to credit the inefficient balance with the view of having it added to the Special Object Fund directly the matter (as one of courtesy) had been brought to the notice of the Committee. It was also pointed out to him that the balance in question would not be in the General State for the past month but he appears to have failed to comprehend the precise meaning of your instructions.
 3. He has compounded the inefficient balance which was in my hands for working purposes with the Special Object Fund itself which has hitherto been adjusted at the end of each year because it was not Govt property and also because disturbance

have hitherto been made in advance of the receipt of the yearly interest:

4. Mr Finley probably means that the Special Object Fund could be better administered in future if its accumulated interest were lodged in the Kasauli or other Govt Treasury & drawn against by cheque.
5. I am of opinion that such an arrangement wd complicate matters, increase work & secure no advantage, but of course if the Controller Military Accounts be pleased to sanction such a change the accumulated interest already in Govt hands can easily be transferred to the custody of the Asst. Commissioner of Kasauli.
6. The measure suggested in this Office letter No 370 dt 13/11/10 of the current month will probably commend itself to the Controller of Military Accounts viz to add Rs 315. 2. 11 to the sum lately called the inefficient balance that the same may amount to Rs 4000.
7. This amount viz Rs 4000 will with your concurrence be called in future a Supplementary Object Fund bearing an interest of 4 per cent unless to arrange to place it in deposit in the Bank of Bengal.
8. Attached please find a statement of A/c of the Special Object Fund which in future can be adjusted when necessary monthly instead of yearly.

The Med Officer of Dussau

request he will be good

With reference to yours No 4610 of 21 Jan'y 49. I have the honor to invite attention to Gov of India No 581 to the Inspector General of Ordnance & Magazines dt-14 Mar 1941 & to state that the rope therein allowed to the Army was not drawn for the year 1941 & that the 110 yds of 3/4 in rope has been expended on the purposes for which it was issued.

D.O. to Controller Dept. of Accounts Calcutta
D. C. C.

In reply to yours of the 24th the measures adopted here for the removal of wards over the age of 16 apply to those on other foundations.

They are

(1) Providing suitable situations in which case except education, outfit are allowed.

(2) Requiring the friends of donors to be in a position to help the children to take them out so that other children who are waiting for vacancies may be summoned.

In the case of wards belonging to other departments who would themselves be useful as monitors, orderlies, etc.

it has been customary for them
to remain a year or so longer,
but as a rule I always try
to dispose of them before they
attain the age of 18, of course,
should an opportunity occur
to place them out in the world
in no instance would they be
obtained in school against their
will

As regards the possible
abuse of the Gov. Charity I do
not think that any of the inmates
of the Asylum have friends who
are able to meet the expenses of
board & education

At any rate the management
takes every precaution to exclude
such children from the benefits
of the Institution or a day school
School fees raised as the case
may be

This you will readily
understand on referring to the
forms attached for your information

I may add that I have ^{presently} struck off
the rolls the name of a Monitor
aged 18 who failed to show on
the expiration of casual leave
the presumption being that his
relations are prepared to main-
tain him till he joins the North
College next May

He passed the Qualifying Examination for Entrance a few months back; & he will probably require to be helped by the Asylum in the way of outfit & also in accordance with the provisions of the Hyde Bequest.

As the Children who are Candidates for admission into the Asylum really form one class & are in much the same circumstances I am of opinion that it would secure a better administration of the Govt Charity & save much unnecessary Correspondence if all the Children were admitted by the same Authority such as the Board of Management at Calcutta.

According to existing arrangements a Child who is not considered eligible on the L.S. Foundation, may be, & is considered eligible on the other, & there is in consequence no effective check on two different Committees who are empowered to admit Soldiers Children to the benefits of a common Fund.

In all intents & purposes the Children on either Foundation are Govt Wards all are alike dependant on the bounty of the State.

For instance

A is a fatherless Candidate because the father died on the effective list A is eligible for a free admission on either Foundation - While A remains a candidate, should the mother marry again A would not be eligible for admission on the 205 Foundation & yet A would continue to be eligible on the other - But the mother while still a widow may succeed in getting A admitted on the 101 Foundation and after the settlement of her family in the Kingdom she may marry a person with means - It does not follow that the step father will pay the school fees which after all are but nominal - He would plead that his step children had been admitted free.

B is the son or daughter of a private soldier & in accordance with the regulations has been admitted free

C is the child of a pensioner who is out of employment & C is admitted free

D is the child of a Sergt. who pays the nominal fee; but should the Sergeant

Advise to be reduced to the ranks
the entire schooling of D with a
course to go

As the Govt already provides
for the education of soldiers children
in Regimental Schools it may be
advisable to reserve this system for
Orphan children only - There would
however, still remain the duty
of helping the needy children of
those who had served in the
Army many of whom live in
retired stations at a distance
from Churches & schools

I remain
