SANAWAR 22ND FEBRUARY 1924.

No. 78, SCHOOLS—The last Saturday, 23rd February 1924 will be a whole holiday.

No sleeping out passes will be issued.

No. 79, SCHOOLS—School Order No. 383 of 1922 is re-published for information :—

1. The new Tennis Court in the Girls' School will be open for play daily.

2. Following Wimbledon tradition it will be known as "The Centre Court."

3. "The Centre Court" will be permanently open for play all the year round.

4. It may only be used by the following :—

(a) Girls whose names are specially written up on the notice board by the Games Mistress.

(b) Hospital Probationary Nurses.

(c) I. D. Orderlies.

(d) Members of the Staff.

5. "The Centre Court" is out of bounds for all except the above.

6. No fags will be employed except in finals or important matches.

7. Tennis shoes will invariably be worn.

8. The Games Mistress will be issued with 12 Balls which will be used (4 at a time only) solely for this Court and will be marked C. C.

9. The Nursing Sister and Nurse I/c I. D., will be issued with 8 Balls each which will be used (4 at a time) solely for this Court and will be marked respectively C. C. H., and C. C. I. D.

10. All girls mentioned in paragraph 4 will be issued with racquets if they do not already possess them.

11. I hope that the opening of this New Tennis Court will do much to improve the Tennis of the Girls' School and that players using it will be keen and will study the Game properly, remembering that the essence of good tennis is to be always *on the toes* in an alert position and that at present there is no Girl in the Girls' School who has the slightest claim to be called even a moderately good player. The standard of Tennis is low and the only way to raise it is to realise this undoubted fact straight away.

12. I wish the Girls' School every success in their Tennis and hope they will work away at it perseveringly and keenly. Any Girl seen planted on her heels on the Court runs a serious risk of losing her place among the select few for "The Centre Court."

**No. 119, DISCIPLINE—**

Instances have come to notice where orders, as published daily, have been ignored, and various suggestions dealing with office routine, have been put forward by members of the staff. This procedure is irregular. All school and office arrangements have been built up from experience of many years working and there is usually a very good reason for every order that is issued. Members of the staff are therefore requested to confine their attention to their own departments and to submit their views to office, only, when requested to do so.

No. 316, HOSPITAL—Wards “attending” Hospital will do so between the hours of 16-00 and 16-30. They will bring with them a nominal roll from the House Master or Matron on duty.

The Sub-Assistant Surgeon will mark against each name the nature of the complaint and one of the following remarks, *viz.* M. & D. Attend or Duty.

*Explanation.*—*M. & D.* signifies that after medical attention the Boy or Girl will at once proceed to games or any other duty for which he or she is detailed.

*Attend*—Means that all duties after school hours are excused and that the ward will attend hospital daily until further orders.

*Duty*—This entry will be made in red ink and will imply that the ward concerned attended hospital unnecessarily.

This nominal roll will be submitted on the following morning by the Resident Medical Officer to the Principal. Urgent cases will of course be attended to at all hours.

2. Attention is called to Orders :—

(i) Any member of the Staff reporting sick will do so to the *Medical Officer direct* either personally or in writing. As there is now a Resident Medical Officer in Sanawar, the practice of calling in either the Sub-Assistant Surgeon or Nursing Sister should cease.

(ii) The Medical Officer will see all sick members of the Staff personally and he alone is authorised to decide whether the patient is to be “put on” the Sick-List and after recovery “taken off” the Sick-List. Both these entries will be published in Orders.

(iii) A patient once put on the Sick-List will on no account leave his or her quarters until his or her name appears in orders as having been taken off the Sick List with the following exception.

(iv) Convalescent patients will take such exercise as and between such hours as, the M. O. may decide for each individual case. These hours will be published in Orders. Under no circumstances will convalescent patients be allowed to attend any public function or place of amusement.

(v) Members of the Staff are reminded that they should report sick at once and not wait, sometimes for several days, until they can no longer carry on with their duties, as frequently happens now. This practice very very often results in a patient being absent from duty for several days longer than would have been necessary had the patient reported sick at once.

(vi) Any breach of the above instructions are to be reported to the Principal forthwith.

No. 453, **MISCELLANEOUS**—Complaints have reached me that many prices charged for supplies at the Sanawar Shop are on an average 12½ per cent (two annas per rupee) higher than those for which the same articles can be procured in Kasauli.

As the Sanawar shop was established to meet the needs of those serving on the School Staff, it is expected that as far as possible the shop will be supported. Any article at present stocked in the Sanawar shop can be purchased **For Cash** at the Kasauli rates on presentation of the Kasauli shop bill showing the price paid.

I am extremely anxious to help local customers, but satisfactory evidence must accompany complaints to enable me to take definite action.

If members of the Staff will co-operate, purchase their supplies from the Sanawar shop and pay cash for same, I, on my part will guarantee that they do not pay more than they would in Kasauli and in many instances they will find the prices of certain articles cheaper. The shop will at all times stock any article which a consumer may require on giving notice of the same.

SANAWAR 25TH OCTOBER 1924.

No. 590, SCHOOLS—The time has arrived for further development in the House system in the Girls' School. In future Houses will consist of 25 girls' approximately, who will sleep together and sit at House tables in the Dining Room. Two Houses (chosen by the Head Mistress) will be accommodated in the Little Building, four Houses in the Church Building, where the two big dormitories will be divided by a screen.

(2) This will create a new House, "*Havelock*," called after General Sir Henry Havelock, who led the Army to the relief of Lucknow. The Head Mistress will be the House Mistress of the new House.

(3) The change in Dormitories will take place on the last Saturday of October.

(4) The Havelock Crest will be secured for the House as soon as possible, if the head of the Havelock family gives permission for it to be used.

(5) This new development will enable Houses to foster the growth of House loyalty and ESPRIT-DE-CORPS to a greater degree than was possible when the Houses only had games to keep them together. Heads of Houses and Senior Girls in Houses will be able to feel in a new way a very definite sense of responsibility towards the younger ones in their Houses. The younger ones will be in bed and I hope asleep by time the elder ones get to bed. It will obviously be up to the elder ones to get to bed as quietly and quickly as possible so as not to disturb the younger ones.

(6) Under the new arrangement the three House Matrons will be responsible for two Houses each and the closest co-operation will be maintained between House Mistresses, House Matrons and the Senior Girls.

(7) Further schemes to develop House consciousness and solidity will be developed by the Head Mistress and Staff.

(8) I wish the new scheme every success but this will only be reached by every member of the House obeying, working and playing in a cheerful and unselfish spirit. The good name of the House must be paramount. Every girl must do her best for the House in every way. She must make the best of herself in and out of School in order that she may have something really to contribute to the good of her House.

(9) May Houses be very happy, very obedient and very cheerful in all that they do.

FLOREAT SANAWAR.

NEVER GIVE IN.

**No. 592, SCHOOLS**—The Annual Boxing and Football Matches against Bishop Cotton School will take place at Simla on November 18th and 19th respectively. Arrangements about the journey will be published later.

In the boxing the following will be the weights :—

|          |                   |
|----------|-------------------|
| Novices  | ... under 61 lbs. |
| Feathers | ... under 71 "    |
| Lights   | ... under 85 "    |
| Welters  | ... under 101 "   |
| Middles  | ... under 121 "   |
| Heavies  | ... over 121 "    |

Two boxers will fight in each weight. Winners of first strings will score two points : winners of second strings one point. No extra rounds will be fought. If the decision is a draw, the points will be divided. The P. T. Instructor will get his team into training and will keep a very careful register of all weights. Four boys in each weight will go into training. All competitors will weigh in just before the fights. An allowance of 2 lbs. is allowed but anything over that amount will disqualify.

With reference to the Football the Captain of the XI in consultation with the Games Master will take sixteen boys into training from whom the final XI will be made up.

The following points should be noticed especially :—

(1) The kicking is very poor. The hard low drive hardly exists. Constant practice is wanted at the practice goal in the mornings and on the playing field.

(2) Both feet should be used in practice. It is a good plan to forbid the right foot to be used every other day at the practice goal.

(3) The running of the team is slow and slovenly. The fastest would cover 100 yards in about 15 seconds. We want some 10½ running.

(4) The team is not together. The passing is weak. There is not sufficient co-ordination and understanding.

(5) The marking out of touch is without a scheme. There is not enough liveliness or originality when it is our touch and our throw-in takes place.

(6) The whole team wants quickening up and improving in dash and going hard. At present it is on a low level but there is good material about. Good luck to it in training and in the match.

**No. 596, NOTICE—**

**The following order is published by the Brigade Commander.**

“The great destruction caused by the recent floods in the Jumna has probably not been fully realised by those who have not seen it. The Ambala, Karnal, Rohtak and Gurgaon District in this Area have suffered a disaster almost without precedent in this part of the country. Hundreds of people have been drowned thousands of cattle have been lost, numerous villages and houses have collapsed, standing crops and stores of grain have been swept away. At least a quarter of million people are effected and immediate relief is required for the destitute. Government is doing all that is possible by means of takavi advances for the purchase of plough, cattle and seeds and famine relief measures, but in a disaster of this magnitude there are numerous cases which call for charity from all those who have feelings of sympathy with the afflicted, the widows and orphans and the utterly destitute. Food, cooking utensils, clothing and blankets are urgently needed and for these more money is required. The Commissioner, Ambala Division has issued an appeal through the Press for subscriptions for this good cause. The Brigade Area Commander hopes that Commanding Officers will open subscription lists in their units. Any money collected may be sent to the Headquarters, Ambala Brigade Area, for remission to the Commissioner, Ambala Division, or be remitted direct to that officer.”

The collections on Sunday, November 2nd will be devoted to this very urgent appeal.
