SANAWAR, 11TH MARCH 1932.

**No. 76, ACCOMMODATION—**

1. No Indians may accommodate friends and relations in their quarters, other than those directly dependent on them without first obtaining in writing the permission of the Principal.

2. This permission will be granted only for a definite limited time and after consultation with the Medical Officer.

3. *All new arrivals* (including dependents) will report at the Hospital daily for ten days at 09-00 hours or 16-00 hours, where a register of arrivals and departures will be maintained.

**No. 77, CORRESPONDENCE—**The following Order is republished for information.

An entirely wrong use of the Labels **Immediate** and **Urgent** has grown up. I am constantly receiving chits with these labels on them which could perfectly well wait for 24 hours and sometimes for a week.

**Immediate** (Blue) Slips will only be used if, on due thought by the sender, the matter should be considered to claim my (or my Office's) immediate attention; something, which for the good of the Department or individual concerned, should be done at once without a moment's delay.

**Urgent** (Red) Slips should be used when the matter is of an urgent nature but not absolutely immediate.

It is most important that these labels should be used but I ask that they be used with more discrimination than hitherto.

### No. 108, COMPLIMENTARY—

Tomorrow Major Savage relinquishes his appointment as Medical Officer and Vice-Principal and will be proceeding on leave to New Zealand. More than seven years' work has enabled Major Savage to carry out many notable improvements in the medical arrangements of Sanawar and he leaves behind him a Hospital thoroughly efficient and up-to-date and a system of school hygiene second to none in India.

Major Savage has had ample opportunities of specializing as a childrens' doctor during the last seven years and the parents of the many boys and girls who have passed through his hands have every cause to remember with gratitude all he has done for their children.

The Babies Crèche results have demonstrated the value of expert medical advice and executive efficiency in close co-operation.

During Major Savage's time the Indian Infant Welfare Work has been put on a sound and, I hope, permanent footing. In this, as in everything, Mrs. Savage has seconded Major Savage's efforts with characteristic keenness and the "Phyllis Savage" Ward will remain as a testimony to their joint interest in and work for the Indian Community.

The Sanawar Amateur Dramatic Society is in future to be known as the "Savage Dramatic Society" and the retention of the name in connection with the Society which Major and Mrs. Savage founded, managed and acted with, with such marked success, will remind us of an activity whose reputation has grown beyond the borders of Sanawar.

Major Savage has twice acted as Principal during my absence on leave and has shown an administrative capacity which has inspired universal confidence.

It is impossible to conclude this brief order without a reference to Major Savage's family. The sheer joy and gaiety of Sanawar will be considerably lessened by the disappearance of eight of the jolliest children, five of whom have been born in Sanawar.

All in Sanawar, young and old, Indian and European, join in wishing Major and Mrs. Savage and their family God-speed and prosperity. They will be remembered with affection and gratitude by all Sanawarians with whom they have been brought into contact.

## No. 139, SCHOOLS. SHOOTING—

The National Rifle Association's final list has just been received for the Imperial Challenge Shields Competition.

The *Senior Shield* has been won by The Queen's Own Cameron Highlanders of Canada Cadet Battalion, Winnipeg, with a strength of 153 boys firing, with a score of 98·002.

The *Junior Shield* has been won by St. Willibrod's Cadet Corps, Verdun, Quebec, Canada, with a strength of 310 boys firing with the phenomenal score of 102·575. [No firers were eliminated in making up the final average. Handicap points therefore of 7·55 were added on to a wonderful average of 95·025 to make a final score which sounds at first sight incredible].

Sanawar was placed 16th in the Empire and won third place in the Senior Shield.

The Lawrence Memorial Royal Military School, Lovedale, was placed 11th in the Empire, secured 3rd place in the Empire for the Junior Shield and won Lord Reading's Trophy for India, which we have held since its presentation by the Viceroy in 1925.

The following telegram has been sent to Lovedale.

"Lawrence Royal Military School, Sanawar sends heartiest congratulations on Sister School winning Lord Reading's Trophy and on high place in Empire list. Principal Sanawar."

No. 140, MEDICAL.—All new Wards from all Departments and also the following Wards, will attend Hospital for 1st and 2nd dose of T. A. B. Inoculation on the evenings of Tuesday, the 12th April, and Friday, the 22nd April after Tea and then go to bed.

**No. 141, C A M P—**

1. The Boys' School, less Havelock House, will go into Camp at Dagroo, Choir Bridge, on Wednesday, morning, April 27th. 05-30 hrs., Reveile. 06-15 hrs., Cleaning and tidying of dormitories. 06-45 hrs., Tea and Biscuits. 07-00 hrs., Standards III, IV and V march off. 07-30. hrs., Main body march off.
2. The Chief Instructor will be in charge.
3. Sgt. Day will take charge of Magazine, Armoury, Barracks and Boys' Kitchen, during Camp week.
4. C. S. M. Hawkes will take charge of all Government Material in Camp.
5. C. S. M. Hawkes and Sgt. Caswell will proceed to Camp on Tuesday afternoon, April 26th, with an advance party, 6 in number. Baggage will leave at 10-00 hours.
6. The Camp will be laid out and tents pitched under the orders of the Chief Instructor.
7. Boys who have been in Hospital and have been discharged after April 20th will not go to Camp unless they obtain leave from the Medical Officer.
8. The following orders about Camp are issued for information and guidance. They will be carefully explained to all boys by the Chief Instructor.
9. Camp will be approached only from the right-hand side of the stream (right-hand as one looks up the valley).
10. The path to Camp on the left-hand side of the stream will invariably be out of bounds,
11. The reason for this order is that there are standing crops on that side.
12. Boys will be warned on no account to interfere with water-ways made by villagers for irrigating their lands and on no account to go near any standing crops, and to be careful never to do any damage if they come across fields of crops on their rambles. Corn, Wheat and Maize are at all times valuable, carelessness in this direction is absolutely criminal and I hope that this rule will be faithfully and conscientiously kept. The attitude of Sir Henry Lawrence, Our Founder, towards Indians should be faithfully preserved.
13. All boys will return to Camp daily for their mid-day meal except those boys to whom the C. I. may give permission to be out all day. This leave must be asked for afresh every day and must be given with discretion. Roll Call at 6-30 p. m. daily.
14. Certain deep pools, which will be notified by the C. I., will be out of bounds for all boys except those who can swim. The C. I. will make a list of boys who may use these deep pools, and will read it out and add names to it from time to time if he thinks fit.
15. All Indian's houses are out of bounds.
16. Sanitary arrangements must be scrupulously carried out.
17. If there is any misconduct in Camp, the Camp will be liable to be struck at a moment's notice, and an immediate return made to Sanawar.
18. I expect the boy N. C. Os. to see to it that these rules are carried out both in the letter and in the spirit. They will see that all boys under their orders fully understand them.

No. 187, MEDICAL—Any member of the Staff reporting sick will do so to the **Medical Officer direct** either personally or in writing.

2. The Medical Officer will see all sick members of the Staff and they will be "put on" the Sick List, and after recovery "taken off" the Sick List. Both these entries will be published in Orders.

3. A patient once put on the Sick List will on no account leave his or her quarters until his or her name appears in orders as having been taken off the Sick List, except to take convenient exercise, with the Medical Officer's permission.

4. Members of the Staff are reminded that they should report sick at once and not wait, sometimes for several days, until they can no longer carry on their duties, as has sometimes happened in the past. This practice very often results in a patient being absent from duty for several days longer than would have been necessary had the patient reported sick at once.

5. Those able to attend Hospital should do so at any convenient time between 09-30 and 13-00 hours.

6. Those unable to attend Hospital should report this fact to the Medical Officer in writing before 09-00 hrs., and he will visit them in their quarters.

No. 265, CINEMA—Our local Cinema is languishing and will shortly be closed down unless we can revive it. We no longer get the cheerful crowds which used to attend it complete with music to make a jolly evening. I am going to make one more attempt before closing down.

A serial has been procured called “**The Perils of the Jungle.**” Four reels will be screened for every show and before the serial a two-reels Comedy and one News Reel. I am hoping that the serial will turn out to be the kind of thing which will be worth looking at. I know that many of our Cinema films have been very poor and in these days no one, myself included, wants to see a film of this type. Perhaps we shall have better luck over this new effort. If it proves worth seeing let us get together and see it in a cheerful way as in the past.

The new serial will begin on Thursday and Saturday, June 2nd and 4th.

If all residents would keep a watch on the drains and latrines in the immediate vicinity of their bungalows, and report to the Medical Officer any shortcomings or deficiencies, there is no doubt that the health of the community would benefit. They should also report any collection of stagnant water in which mosquito larvæ might be breeding.

No. 323, CRICKET—There are far too many boys on the cricket ground and round and near the pavilion and scoring board. They will be reduced to a minimum. On no account must any fag be on the ground.

The Scorer should realise that the Scoring Board is his concern as much as the Scoring Book. He should put his table so that he can see the Board and should control it himself, shouting out the runs as they are scored. "Four to Jones", "Two byes", etc. The following only should be employed at the Scoring Board. One boy to each pair of wheels, *viz.* three boys. One boy to put up the discs when wanted. The latter **only** should ever appear in front of the Board and then only for a short time to disappear at once as soon as he has done his work.

The boys inside should never be seen. They can see by the small numbers on the back exactly what figures are showing in front. Only intelligent boys are to be used for this duty. They are to be relieved every two hours. The Scorer will see that they carry out orders quickly, efficiently and accurately.

**We have had enough of shouting that the score Board is wrong.**

No. 389, CRICKET—I hear that on one of the days of the Cock House Match when I was not present a decision of the Umpire was criticised by the Hodson House Captain and that his unsportsmanlike behaviour spread to the rest of the team. I have no words in which to express my feelings about this. I thought that we were a cricketing school with a tradition behind us which would make such a thing as this impossible especially from a member of the XI. I am very disappointed that such an incident should have marred an otherwise very happy and successful cricket season.

No. 441, DURRANT SOCIETY—

From time to time I have occasion to draw attention to things that happen in Sanawar which are not worthy of her. The Durrant Society Meeting last night is one of them. It was a badly arranged, undignified meeting on a thoroughly low level and I felt anything but proud of the Society and its School members.

I make the following criticisms :—

- (1) When I brought the Lecturer into the Hall I thought that the Society would be ready for us and that members would stand up. The Secretary was not there: no one took the slightest notice when we came in but continued sitting down. It should be remembered that a Lecturer who gives up his time to prepare a lecture for the Society honours them by his presence and should be treated with the respect which is customary in societies of this kind.
- (2) Most members were sitting at the back of the room leaving a large gap of several rows of vacant chairs. They were obviously much more interested in each other than in the lecture. The impression created in my mind was that they wished to be left alone and to have nothing to do with the older members of the Society, an entirely wrong point of view when all members of the Durrant Society, young and old, should meet in equal fellowship. The gap was a symbol of something that should never be. When I suggested moving up only a few took any notice and then moved up with what appeared to me a sullen look as if they resented my suggestion. I wished to save the Society from the disgrace which the Lecturer subsequently inflicted on them by asking members after he had begun his lecture to move up closer so that they could see and hear.
- (3) The behaviour of the Society during the lecture was on a very low level. A lecturer hopes for an expects laughs and applause at intervals but it is customary when these have taken place for an audience to become quiet again immediately in order that others at any rate may be able to hear. I felt a feeling of disgrace when I had to get up twice and turn round in order to get members quiet and allow the Lecturer to resume. It struck me forcibly looking round on those two occasions that the membership is far too large. Many obviously have not the remotest idea what the Society stands for. They still breathe the atmosphere of a "gaff" and are therefore as yet unsuitable members of such a Society as the Durrant Society. There are still quite a number who are inclined to giggle when they say *adsum*.

- (4) Formerly the Secretary used to prepare a carefully worded speech at the end of the meeting in order to thank the Chairman and round off the meeting with decorum. This feature seems to have entirely disappeared much to the detriment of the tone of the meeting.
- (5) Altogether a meeting of which I was heartily ashamed. It is for the Committee to put matters right, the work out more adequate arrangements and to restore the tone which at one time I thought was growing to be a real feature of the Society.

**No. 451, SCHOOLS. CRICKET—**

The Cricket Season is now over and I wish to take this opportunity of congratulating Norman Bradley and his men on a very successful season.

We started shakily and I had my doubts about the side. The form in the earlier matches showed that those doubts were well-founded. The captain and the XI came in for much searching criticism but stood the severe test remarkably well and finish the season one of the strongest sides we have ever had in Sanawar cricket. This result I put down to a willingness to learn, an ability to stand criticism and profit by it and the way the old colours who were, with one exception, the most junior members of last year's XI, did what was expected of them and improved their game so tremendously that they took the places of the old stalwarts, who were the backbone of the side last year. In the end we hardly noticed the disappearance of so many well-known cricketers from the School team. A special word of praise must be given to the Captain who undertook his responsible duties with courage and keenness: he studied the game and took heed to the coaches, incidentally improving his own game considerably.

The side contained some feeble members who did not even field well. They must consider themselves fortunate to get into a School XI of a strength above the average. The fact that they could be carried as passengers indicates the strength of the side.

Many records were broken (which will duly be recorded in our Cricket annals. I am glad that my last year has proved so successful, and hope that Sanawar cricket will continue to flourish in the future.

Sanawarians must always remember that our ability to play good cricket has grown up *because Sanawar boys have proved themselves to be men on the cricket field; keen enough to put all their energies into learning the game well; humble enough to know that however well they play cricket, they are still only novices in the great game; of good enough stuff enough to stand up to criticism and not to resent it even when it is straight and unsparing; and lastly, fit enough to be able to stand the strain of a full day's cricket without tiring.*

*May Sanawarian cricketers always keep a straight bat and a modest mind.*

No. 467, SCHOOLS—The present tone of the School has been causing me considerable anxiety lately. I am aware that it is not at present what it ought to be and what it usually is. This is due to a great extent in my opinion (and that of the members of the Staff whom I have consulted) to the fact that several Heads of Houses have not shown the signs of leadership which is expected from those who occupy that position. The good of the School demands that immediate changes should be made in the matter of Heads of Houses I publish the following order therefore, relying on the school to accept this order with loyalty, on the new Heads of Houses to carry out their duties faithfully and courageously and on those who have been superceded to accept their new positions without demur and do their utmost in these new positions to restore the tone of their respective Houses.

No. 477, BOXING—There will be no boxing to-night.

No. 478, MEDICAL—Ward—E. Deakes (B. D.) is excused Boxing and Hodson Runs.

No. 479, SCHOOLS—As there appears to be a misunderstanding as to why the Boys' School were not invited to see the match against the St. Bede's College, I publish the following order.

The decision in not inviting the Boys' School to watch the St. Bede's Match rests entirely with me. I considered that a visiting team from a Ladies' College playing for the first time in Sanawar in front of a Boys' School of good hockey players might feel themselves rather handicapped. I considered it therefore fairer to the visitors to play with the Girls' School only watching, reproducing thereby a similar setting as our girls would encounter if they played the match in Simla. No other reason comes into the picture.

**No. 499, THE LAWRENCE CLUB—**

The Club has completely fallen away from my original intention in its foundation. Its membership is no longer counted as a privilege. Boys seem to use the room indiscriminately. It is no longer a dividing line between boys of standing in the School and boys of none. The following order is therefore published to restore the Club to its original prestige and to safeguard its future.

1. The Head of the School is President of the Club and the other Heads of Houses form the rest of the Committee. If the School Captain of cricket, football or hockey does not happen to be the Head of a House he will also be on the Committee. A Secretary will be elected annually, or as occasion demands, by this Committee from among their own number.
2. The Head Master will select one of his Staff to act as advisor to the Committee.
3. Membership will be strictly by election by the Committee. The voting must be unanimous. If a candidate's name is objected to by any member of the Committee his name will be cancelled.
4. No name may be proposed for the Club by any member who is not a member of the Committee.
5. The Committee will be guided in their choice of members to share with them the privileges of the Club by the selection only of boys of standing in the School.
6. The Membership is confined to 35. If for any reason the Committee wishes to exceed this number written permission must be obtained from the Principal and the name of the candidate or candidates sent up in writing to the Principal signed by the President and every member of the Committee.
7. The maximum number of the membership need not necessarily be filled if suitable candidates are not available.
8. The Committee has power to suspend members, temporarily or permanently, if for any reason they consider them unworthy of membership in the Club.
9. Members will be required to pay four annas per month for membership. The income from subscriptions to be used for the benefit of members as their Committee shall direct.
10. The Library arrangements will be improved. One of the Committee will be elected as Librarian and will keep the key of the book cases. Books will not leave the Club Room unless the Librarian enters the name of the borrower and the book, with the date, in the book provided for the purpose. All books will be marked with the Club label.
11. Arrangements will be made for magazines and papers which will be sent to Hospital when finished with. The magazines and papers will be kept in cardboard covers.
12. Arrangements will also be made for indoor games.
13. It is expected that the behaviour of all members should be such as membership in the Lawrence Club demands.
14. The member of the Staff referred to in paragraph 2 is a member of the Committee.
15. Before the Christmas holidays begin the President of the Club will insure holiday arrangements which will prevent any but members using the Club.

No. 546, ARMS —The following Press Communique is published

The Punjab Government have reason to believe that a considerable number of persons residing in the Punjab have in their possession unlicensed fire-arms which they have not declared, either owing to the risk of prosecution or through ignorance of the rules of the subject. As it is essential that Government should have accurate information regarding the total number of fire-arms in the possession of the public, they have decided to make an appeal to all possessors of unlicensed weapons to deliver their weapons on the following conditions:—

- (1) No prosecution will be instituted under the Indian Arms Act or the Rules framed thereunder against any person who on or before the 31st of October 1932, either deposits his unlicensed weapons at a police station, or furnishes accurate information regarding them to any District Magistrate in the Punjab.
- (2) Applications for the grant of licences received from such persons on or before the 31st of October 1932 will be considered on their merits, and, if a licence is granted, the applicant will be charged only the fee for the current year no claim being made for arrears.
- (3) Any such persons who do not desire to take out a licence or to whom a licence cannot be granted, will be required to deposit their weapons, if they have not already done so, at the nearest police station. If the weapons are deposited before the 31st of October 1932, or within one week of the receipt of intimation that a licence cannot be granted, the proceeds of their sale will be credited to the depositor.
- (4) After the 31st of October 1932 prosecutions will be launched against any and every person found in unlawful possession of any weapon for which he is required by the rules to take out a licence: provided that this period may be extended in the case of any persons who would otherwise avail themselves of this offer but are prevented from doing so by absence from the province, or by any other good and sufficient reason.
- (5) Exemptees who have omitted to comply with the provision of rule 3(b) of the Indian Arms Rules will not be prosecuted for such omission if they register the fire-arms in their possession with the District Magistrate on or before the 31st of October 1932. After that date any exemptee who fails to register his weapons will be liable to prosecution under the Indian Arms Act, and also to cancellation of his exemption.

No. 575, BOXING—I feel. I must say something about the School boxing. The tournament is now drawing to an end and looking back over all the boxing that has taken place there is one obvious comment which must be made. Extraordinarily few boys have realized and made use of straight hitting. The straight left has been, except in one or two cases, conspicuous by its absence. Nearly every boy seems to imagine that round arm swinging (which often ends up inevitably with an open glove) is the way to box. Nothing could be more mistaken. The straight left is as important in boxing as the straight bat is in cricket. Sanawar cricketers have learnt how to sum up a visiting batsman very quickly and when an obvious cricketer comes in who lifts his bat in the right way and brings it straight and hard to meet the ball, they know that there is trouble ahead and the visitor will take some getting out.

The boxers have not learnt their lesson yet. I was very disappointed to notice that even some of our boxers from the champion class had deteriorated in this way and showed a type of boxing that was definitely on a low level. Of course the usual Sanawar spirit characterised the tournament: pluck, determination, the N. G. I. attitude which is our primary characteristic as a School (the inheritance which every Sanawarian takes to himself or herself as soon as he or she breathes our mountain air)—all these things were present as they always are: but art was often lacking and we should do well to set our house in order in this respect. Sanawarians will bear in mind that we did not beat Bishop Cotton School last year and that this year the annual boxing match is at Simla. Copy only the best models and remember that straight hitting wins the day. It is powerful and of course so much quicker than round arm hitting. Remember that a straight line and not an arc is the shortest distance between two points.

**No. 601, FOUNDER'S WEEK—**

1. Founder's Week will be from October 3rd to 8th October, with Founder's Day on the first Thursday in October (October 6th.) His Excellency General Sir Philip W. Chetwode, Bart., G.C.B., K.C.M.G., D.S.O., Commander-in-Chief in India will preside.

2. The following procedure will be adopted with reference to the eliminating heats for the sports :—

3. In the Field Events the 4 competitors will be left in for the Finals who have put up the best performance (3 tries each being allowed).

4. In the track events and hurdles. The names of all competitors will be put into a hat. They will be drawn five at a time on the ground and the competitors will first run in heats of these 5. The names of the first three in each heat will be taken. The surviving names will form the next unit to be dealt with, either on the same day or, if possible, on another day. The names will again be drawn in fives and heats run off, the first three names being taken. This process will be continued till it is possible to get down to two heats when 4 names (the first two in each heat) only will remain in for all races up to and including the 440. (For the girls' 440 eight names will be left in.) For the 880 and 1 mile 8 names will be left in. If numbers are not an exact multiple of 5, some of the heats may contain more than 5. Two examples are given in *illustration* :—

(a) 23 entries for 100 yards. 4 heats of 5, 6, 6, 6. Number left in 12. Two heats of 6 each numbers left in for final 4 (first 2 from each heat),

(b) 37 entries for the 880. 7 heats of 5, 5, 5, 5, 5, 6, 6. Number left in 21. 4 heats of 5, 5, 5, 6. Number left in 12. Two heats of 6 each. Numbers left in for final 8 (four from each heat).

5. To insure the proper number of competitors actually appearing in all Finals on the day of the Sports one reserve name for each event will be taken and printed on the programme. This will cover possible emergent casualties. Every event *must* have its proper number of starters.

6. As the Athletic Meetings have now been established for some time and records are none too easy to beat, all record breakers will score 5 points if the "R" flag is hoisted on their behalf. These points will count for Cock House and for the Athletic Medal in both Schools. They will count in the Hodsons. If the second or third (or any place) competitor breaks the record, points will be scored both for the Cock House and the Athletic Medal.

7. The same will also apply in the Aquatic Sports.

8. In future, as the Relay Race in the Sports is a combined effort representing many runners, it will score 20, 10 and 5 points for Houses for 1st, 2nd and 3rd places. This will also apply to the Aquatic Sports.

9. The starting and finishing point for relay races should be midway in the straight. Stations for teams will be drawn for and retained throughout the race.

Lines parallel to the side of the track, should be drawn to denote stations, also lines 10 yards on each side of, and parallel to, the starting lines. Failure to exchange between these lines, disqualifies the team.

NOTES—(a) It is imperative that a baton be exchanged. (b) The Rule with reference to fouling, or impeding a runner also applies to Relay Races.

10. Boys and Girls are allowed to mix in Founder's Week at the undermentioned events, under the following conditions:—

(1) That Boys and Girls take an intelligent and sustained interest in what is going on.

(2) That they "play the game".

(3) That the Officials in charge of the boys and girls are responsible for their behaviour and deal with any who behave badly.

SANAWAR, 12TH OCTOBER 1932.

No. 667, SCHOOLS—In future the following will be the arrangement for Physical Training and Boxing. C. S. M. Hawkes will be Director and Sgt. Langford, Instructor. The close co-operation between Director and Instructor should be of great benefit to Sanawar.

The Bishop Cotton Boxing Match will be in about one month's time in Simla. The Director will select four boys in each weight for preliminary training and will keep a daily account of the weights which will be submitted once a week to the Principal. Later on two names will be eliminated from each weight but there will never be less than two under training for each weight. Boys under training will make it their business and duty to keep as regularly as possible the hours laid down for training, *viz.* road-work directly after chota hazri. For this boys will be in white kit, boots and jerseys. In the *Evenings*, after study at either 8 o'clock or 9 o'clock, in the Gymnasium for boxing training. For this the Director will indent at once for anything he requires from the Stores, punch-ball, sacks etc.

All boys under training will receive the following extra diet daily, two eggs beefsteaks and cocoa as required.

This year's boxing tournament has made me very anxious about our boxing. I have done my best to save it from the deterioration which has set in. During the whole tournament there were hardly any straight hitters and the School as a whole seemed pleased with the rotten, round-arm hitting which prevailed. As well expect the School cricket to flourish if straight bats went out. I leave the School boxing with this warning, and wish them all success in their struggle to eliminate rotten models.

Our dear Sanawarians.

We are halting here on our way to Lahore. It is a good place for a day or two's rest and we are still quite close to our beloved Sanawar. We can almost see you and hear you from here. Today we have been shutting our eyes and following you in the life we know so well and it is almost as if we were with you still.

We feel we never thanked you half enough for your wonderful parting presents to us, symbols of your affection and good-will. Always we shall treasure these gifts as no others, tokens of great beauty and meaning which will always remind us of you all. We shall never forget your send off. You will remember us, we know, and we shall never forget you.

Our love and best wishes to you all. —*George and Dorothy Barne.*

No. 741, ECCLESIASTICAL—There will be a Special Service on Armistice Day, November 11th at the War Memorial. The Schools will take up their positions as for the Unveiling Ceremony. The service will start punctually at 10-55 hours. Everyone must be in their places a few minutes before the Service starts. There will be only one Chapel bell at 10-45 hours for three minutes.

The two minutes silence will be observed at 11-00 hours. In order that our timings may be accurate with Kasauli the following arrangement is notified.

The Kasauli Siren will sound at 9-30 hours and the Sanawar Siren will immediately pick up the time from Kasauli and will sound for one minute. Watches will be synchronised.

The Kasauli Siren will sound again at 10-59½ hours for ½ minute. **The two minutes' silence** will follow. The Siren will then sound again for half-a-minute. The Sanawar Siren will take the time all through from Kasauli.

The Service will proceed as laid down in the printed copies.

At the conclusion of the Service it is suggested that those wearing red poppies should place them on the large wooden Cross at the foot of the Memorial and at the same time make their contribution to Earl Haig's Fund as they enter the eiiipse. A collection box will be found on the side of the entrance.

The Choir will go out first and after them it would seem to be more convenient for the Staff to place their poppies on the Cross and then the Boys' School. The Girls' School and Preparatory School will bring their poppies and make their offerings when the Boys' School is forming up in the usual Sunday formation in order to march past and return to barracks.

There will be a practice Service without the Siren on Thursday the 10th.

Those standing in the sun at the Armistice Day Service may wear their hats.

No. 772, **ELECTRIC LIGHT**—It is notified for information and necessary action, that the engine at the Power House becomes overloaded daily between 18-30 and 20-00 hours.

This can be easily rectified if the lights of both Schools are not switched on until after the service in Chapel. Members of the Staff are also requested to co-operate in this matter by putting out all unnecessary lights during the period stated above.

Members of the Staff are reminded that if the lights suddenly go out, it is a sign that too much current is being used. When this happens everyone is in honour bound to put out at least one light and more if possible.

Fulfilment of these instructions will obviate any failure of electric light, due to overloading of the current.

**NOTICES.****THE PARKER LIBRARY—**

A scheme is on foot to convert Parker Hall into a central School Library.

To complete the scheme structural alterations elsewhere are necessary, but that need not prevent the speedy realization of a large portion of the scheme. There are to be, books to read worth reading, peace and reasonable comfort in which to read them, and time will be arranged in which Wards will have the opportunity of reading.

I hope that boys and girls, when they leave Sanawar and have money at their disposal, will present the library with books as memorial gifts bearing their names.

For this purpose, early next term there will be available a list of books we desire and the prices, so that it will be possible for a donor to select a book, the cost of which is within his or her measure.

**SANAWAR CLUB**—The Librarian would be grateful if all members who are going away would return their books on Sunday the 18th at 11-00 hours. Would every member kindly see if he or she has.

The attention of all subscribers to the General Provident Fund is drawn to the following ruling, received under Military Accountant General's No. 2036-At., dated 22nd November, 1932, on the subject of conversion of insurance policies, after their assignment to the Secretary of State, into "paid-up" policies:—

"The Finance Department, to which the matter was referred for a ruling, have decided that there is no objection to a subscriber being allowed to convert a policy effected under Rule 21 of the General Provident Fund into a "paid-up" policy, provided that, if the sum of the amounts withdrawn by him from the Fund for the payment of premia (without interest), exceeds the paid-up value of the policy, the difference shall be recovered from him and credited to his General Provident Fund account. Cases in which it is considered that the recovery of the whole difference in a single instalment will cause hardship to the individual concerned, should be submitted for the orders of the Government of India, as and when they arise, the number of instalments in which it is proposed to effect recovery being indicated.

They have also decided that the amount of any *interim* bonus should not be taken into consideration, as it is not usually guaranteed and is not included in the amount of the policy which the Company is bound to pay.

2. In such cases, after the Insurance Company has made necessary entries on the policy, an endorsement signed by the parties should be made thereon to the effect that the policy has been converted into a "paid-up" policy with the consent of Government, and that such conversion does not affect Government's lien on the proceeds of the policy.

3. From the date of payment of premia towards the "paid-up" policy cases, the individual, if a compulsory subscriber to the Fund, must, of course, start or renew subscriptions to the Fund." (A 1/12).
