SANAWAR, 2ND JANUARY, 1940.

No. 1, NOMENCLATURE—Sparrowhawks will in future be known as Outram House. The name Sparrowhawks has rather lost its point and as the other six Boys Houses all bear the names of Military Commanders connected with India, Sparrowhawks will be brought into line. Lower School, as far as Boys are concerned, will consist of Havelock and Outram accordingly.

No. 2, FOOTWEAR—In future, girls will have in their possession one pair each of black sandals, brown sandals, brogues and gymn shoes. All repairs will be done through the central shoe room and all condemning. When a girl's shoes need repair, she will bring them to the central shoe room for the purpose, receiving another pair in exchange; the pair thus repaired will cease to be the property of the original wearer but will be added to stock.

Miss Wardle will be in charge of the Central shoe room which will be located in the bottom of Number Ten and will be open during free half from Monday to Friday inclusive. Matrons will, before term commences, return to Miss Wardle all footwear except that belonging to girls who were with them in 1939. New girls will be fitted out by Miss Wardle, when they arrive, from her store.

No. 3, STUDY—In future, all children over the age of eleven will attend evening study, no matter what form they are in and all children over thirteen will stay there till 8-15 irrespective of their form. SANAWAR, 19TH FEBRUARY, 1940.

No. 27. SCHOOLS—Common arrangements for messing and bathing will come to an end on the evening of Friday, 23rd. On Saturday, 24th, boys will continue to use their own dining hall but girls and juniors will use Parker Hall. Fuel will be issued for both bath-houses so that baths may be available for all new arrivals from Saturday morning onwards.

The Junior School dormitory in Number 9 (Wolfe) will open on the 24th; Clive, after the week-end. Lower School girls will sleep in one or other of the dormitories till numbers justify the opening of both; Upper School Girls will sleep in Hodson similarly. Lower School boys will sleep in one or other of the dormitories in Number 11 from the 24th onwards; the five Upper School boys' dormitories will be taken into use gradually at the Chief Instructor's discretion.

Fuel may be issued for the various House-room fires daily from the 24th onwards where necessary: matrons should apply to the office the day before such fires are required.

No. 28, BEDS—There are six types of bed in use in the school.

- (1) Those designed for the boys, sometimes called the "platform" bed.
- (2) Those designed for the girls, purchased originally from a British hospital, and for that reason sometimes called in Sanawar the "hospital" or "long" beds.
- (3) The "wide" beds, recently purchased commercially from Rawalpindi.
- (4) The "J. S." beds purchased from England.
- (5) The "lengthened" J. S. beds, being the original J. S. beds with a piece added in our own workshops.
- (6) There are also the "Staff" beds generally a rigid type, purchased commercially.

The policy towards which the School is working is as follows:—

- (a) The five Upper School boys' dormitories should be equipped exclusively with bed No. 1, that is the "platform" bed.
- (b) The two Lower School boys' dormitories should be equipped with the "lengthened" J. S. beds, plus a few J. S. beds (unlengthened) beds possibly for the very smallest boys, plus a few No. 1 beds for bigger boys sleeping in those dormitories. There are not at present enough "lengthened" beds to equip both the Lower School dormitories but this will be carried out as soon as labour is available.
- (c) The four Upper School Girls' dormitories will be equipped as they are, for the most part already, with bed No. 2 plus a few "wide" beds No. 3. for their smaller girls.

L. R. M. S. ORDERS

BY

The Reverend E. A. Evans, M. A.
Principal.

SANAWAR, 19TH FEBRUARY, 1940.

- (d) The two Lower School girls' dormitories will be equipped eventually with "lengthened" beds No. 5, and the "wide" beds, about half and half.
- (e) The J. S. will be equipped with J. S. beds throughout, either the original small bed or else the lengthened ones for their bigger children. There should not be any need for anything bigger than the lengthened beds in the Junior School.

Matrons and others will therefore help considerably if they will kindly work towards the above scheme. The present situation is that there are ample numbers of No. 1 and there is no need to obtain any more either now or for the future. There are some 180 J. S. beds in all and the lengthening of these should be proceeded with more rapidly, the surplus No. 1 beds being cut up for the purpose. Any new purchases will be of the Number 3 type as being much more suitable for the size of girl the school mostly takes in now-a-days than the unnecessarily long "hospital" beds.

Where new beds are required for Staff, the "Staff" beds in girls' dormitories should first be drawn on; there are a few of these, for some reason or other, in dormitories. Further requirements should be met by providing the Staff with the Girls' long beds, and replacing the beds so withdrawn from dormitories with the "wide" beds of which there is a small surplus.

Part II.**No. 22, FURLOUGH AND LEAVE—**

No. 87, **HOLIDAY**—The Easter Monday holiday is being postponed, by request, for a week and added to the usual Last Saturday. Passes may therefore be granted from after afternoon school on March 29th till dusk on April 1st.

Easter Monday will now be a working day; Mark Readings will be the 25th and 26th and not as previously arranged. Roaming bounds at the week-end may be granted at the discretion of the Staff concerned.

If requests for passes to the Kasauli Cinema exceed seventy-five on the Monday, it will be necessary to ask for a special performance; numbers should therefore be collected in good time and forwarded to the School Secretary. The film, however, is not likely to be very attractive to the younger children.

The School Office and Stores will be closed on Easter Monday and open on April 1st.

No. 158, STAFF—The attention of all teaching staff is drawn to a notice on the Common Room board relating to Supervision at Evening Study and that of all Staff interested to a notice relating to Athletic Sports Meetings.

No. 159, MEDICAL—Mrs. Murphy was removed from the sick list from April 12th.

NOTICES.

I find it necessary to repeat the substance of two standing orders, both of which are being infringed. I should be glad if these could be read out by the Head Matrons and the Chief Instructor.

1. The first relates to flowers; a number of children obviously thinks that any flowers not actually growing in the gardens of Staff bungalows are wild and that anyone may pick them. In reality, there is scarcely such a thing as a wild flower in Sanawar; the hedgerows are maintained by the School malis while the various khud flowers such as lilies or dahlias have all been carefully planted there.

Visitors to Sanawar seldom fail to express their admiration for it and it is indeed a very beautiful little station but its citizens should remember that its beauty is largely artificial and has carefully to be kept up; if anybody and everybody is allowed to go picking the flowers and breaking down the hedgerows, then it will very quickly lose its good looks. It is the more important that we all do what we can, these next few weeks, to make the place look pretty since we are expecting important visitors.

The second notice is about the Tuck Shop; I find it necessary to remind boys and girls that this is a SHOP and not a social centre. The plot of ground on which it is built is so small and so many people visit it in the course of an evening that unless customers move off as soon as they have got what they want, the shop becomes hopelessly congested. There is far too much hanging around and far too much shrieking at the moment; boys and girls must not make a nuisance of themselves in this way.

LOST—M. McDonald has lost or mislaid his glasses, possibly from his desk in Upper S B, possibly from elsewhere. The glasses are no use to anyone else, of course, and should anyone know of their whereabouts, will he please put the owner on the track of them?

The merchants occupying shops in Somi Mull, Arjan Singh, Jakki Mull and Kali Charan's buildings and the merchants selling English goods in the Market Bazar have decided to close their shops every Sunday in future.

SANAWAR, 6TH JUNE, 1940.

No. 314, SCHOOLS—Drinking water direct from the tap, which is a frequent practice among boys in Birdwood School, is most dangerous seeing that those same taps are used by coolies and others for that same purpose and it is almost impossible to prevent it. An enamelled mug has been issued to each form-room and boys are urged to make use of them, when thirsty, in preference to drinking direct from the taps. Staff are asked to assist in this matter, especially with younger classes, by expatiating on the dangers of the present practice, by encouraging children to use the enamelled mugs and by seeing that they are kept clean.

No. 315, EXAMINATIONS—The half-yearly examinations will begin on or about July 15th. As the pressure on the School Printing Press is apt to be very great indeed, especially towards the last week or so, Staff who require papers printed would greatly assist if they would submit their question papers as soon as possible now. Past experience has shown that the antiquated and cumbersome apparatus possessed by the school can only deal with all that Staff require of it if the work comes in a steady stream; the press cannot cope with a last-minute rush.

No. 316, STAFF—The attention of all Staff concerned is drawn to the Report Form on the Common Room Board. A hypothetical child has been reported on as a guide to new members of the Staff and to show the sort of report expected of them. This form will be left in its present position for a fortnight and Staff should make themselves acquainted with it during that period. Any suggestions or alterations should be submitted at or before the Staff meeting on June 15th after which date the Press will proceed with the printing of the blank forms.

NOTICE.

A box for tin-foil and another for lead-foil have been placed in the Tuck-Shop and another pair by Gaskell Hall steps; the boxes will be cleared periodically and the contents sent to the Navy. What the Navy makes out of all this I am not quite clear but it is definitely something to do with the War.

Tin-foil comes mostly in packets of chocolate and cheese; it should be folded out flat for if it is rolled into pellets it has no marketable value. Lead foil is used in such things as tooth-paste tubes, milk-bottle tops and so on. We are asked to save these and put them in the boxes; all foil should be as clean as possible, i. e., the Navy can make no use of bits of jam or cheese adhering to the foil.

This order should be explained, please, to the younger children by the Chief Instructor and Head Matrons.

NOTICE.

It is apparently necessary to remind children and others of the "drill" when they wish to see the Principal at his House. The front door is the one nearest Birdwood School and there is usually a chuprassi or a servant outside who will take a message or find out whether or not the Principal is in. If, however, there is no servant there, it is of little use hammering hopefully on the glass door; from the far side of the House it is almost impossible to hear the knocking unless it is of sufficient force to break the glass, a practice frowned on, as a rule, by the Principal. Instead, those who want him should come straight into the House and knock at the study door which is the first room on the right. Those who want Mrs. Evans should come through to the verandah, which is the far side of the House.

The Chief Instructor and Head Matron should read this notice out, please, since there are several new children and there have been one or two tiresome incidents recently when children have been sent with messages.

No. 557, SEATING—Havelock House Girls will, for the Presentation of the Colour, be seated on the terraces with Upper School Houses and not outside Holiday House as previously arranged.

For the swimming display, Lower School boys should not be on the pavement of Number 9 but either further along or a little further down the khud.

Boys in civilian kit should remember to take off their hats at appropriate moments during the ceremony and when any important visitor meets or passes them.

No. 558, POOL—People passing the Pool in ordinary shoes should not walk near the edge nor on the green part at all; quite apart from the slight danger of slipping in, there is the very real danger of cracking the green cement. Everyone who passes, moreover, kicks in a certain amount of dust and so helps to spoil the appearance of the water.

NOTICE.

If space permitted, I would have liked to publish some of the many compliments I received on this year's Founder's Day; I can only summarise them by saying that every visitor agreed that never before had we provided such a varied and continuous "entertainment" and that never before had everything gone so smoothly.

Any compliments I receive are, of course, simply on behalf of the school; for my own part I should like to thank very warmly all those, whether Staff or children, who contributed to the day's success. It is quite impossible to mention by name even those on whom the brunt of the work fell but to those who gave unsparingly their time and energy and personal convenience I am deeply grateful.

SANAWAR, 25TH SEPTEMBER, 1940.

NOTICES.

Owing to a miscalculation in ordering, there are fewer copies of the "Sanawarian" available this time. Copies are being distributed to Upper School Houses at the rate of one a family but there will not be enough, I regret to say, to go round the Lower School Houses

Will Staff who wish to buy copies please let the office know by Saturday at latest, after which day the remaining copies will be distributed to the Lower School as far as they will go.

Mr. Coombes will attempt to show the Founder's Day photographs on the epidioscope this coming Saturday. Boys and girls who wish to see them with a view to ordering copies may attend, either bringing with them a pencil and paper or prepared to memorise the numbers of the photographs they require.

I must impress on them, however, that the photographs are rather dear; the large size is Re. 1/8; the medium 12 annas and the small size 6 annas. Of these, the small size is scarcely, I think, worth having. The ten best ones, in any case, will be reproduced in the next Sanawarian

Boys and girls who wish to attend should come up as if for evening study, after tea on Saturday; the Head Boy will ring the bell at 6-30 and the display will begin at 6-45. The Chief Instructor and Head Matron will ensure that one of their staff is present. It will not be possible to accommodate anyone below Upper Thirds.

House prefects will compile lists of names and of copies and size (large, medium or small) of photographs required and these will be sent through House Staff to the School Office as soon as possible after the week-end.

NOTICES.

The Principal has recently been presented with a cope of Kashmiri work. If girls would care to get a closer view of the workmanship than is possible in Church, the cope will be on view in the Principal's garden from 11—12, on Sunday. Girls should come by Houses under their prefects at ten minute intervals, Lawrence 11-10, Herbert-Edwardes 11-20, Hodson 11-30, Nicholson 11-40, Outram 11-50, Havelock 12. They should come to the back of the bungalow, not through it. All this applies, of course, only if Sunday is fine.

The words of the Anthem to be sung at the Sequence to-morrow morning are as follows :—

Nought on earth is lasting,
 Thou art Joy surpassing,
 Jesu, my Delight!
 Hence! vain wealth's deceiving,
 Nought for you I'm grieving,
 Get thee from my sight!
 Death or pain, or cross or shame,
 Jesus is beside me e'er,
 Nought from me can sever.

SANAWAR, 1ST OCTOBER, 1940.

No. 601, GARDENS—The policy the A. G. E. has adopted with regard to gardens in Sanawar is as follows :—

- (a) No garden will be allowed within six feet of the outside edge of the plinth area protection, or in the absence of plinth area protection, from the wall of a building.
- (b) No garden will be allowed within ten feet of the foundation of any retaining wall.
- (c) If it is desired to maintain a garden within ten feet of the top of any retaining wall, the site must first be inspected by the A. G. E. The rule will be that gardens will only be allowed along the top of sound walls and not along the tops of old patched up retaining walls.

There is no objection to flowers growing wild on grassed slopes as has been done in certain parts of Sanawar, or to shrubs growing anywhere so long as they have not to be kept in loosened earth and irrigated.

The above policy should be applied as flowers now in gardens die down and the A. G. E. wishes it to be completed within the next three or four weeks.

The A. G. E. is prepared to consider any special cases that may involve a deviation from the above policy; details of such cases should be sent to the office within the next few days.

NOTICE.

On November 2nd, I am going to ask the co-operation of Staff and pupils towards producing articles or poems for the "Sanawarian." I would like these to be written instead of the usual essay and on any subject you like. I hope that form staff will kindly assist by reading through the articles and sending me on the best, and I hope that boys and girls will spend the next ten days thinking hard of what they intend writing. The subject may be an account of some event or entirely imaginary; obviously, only a small proportion can be published but I should like the whole school to try.

NOTICES.

The Pasteurising Plant at the Dairy is being inspected by the Boiler Inspector on the afternoon of the 20th November and consequently milk will be issued raw that afternoon. The issue to be made on the morning of that day will be pasteurised as usual.

The Girls Red Cross Working Party will meet on Saturdays from 4-15 to 5-45 in future.

The last pew should be kept for the Staff. On the other side, the Junior School Girls will occupy the third to the seventh rows, the Lower School behind that and the rest of the Girls School after that. The last row but one will be kept for such of the Hospital Staff as can attend and the last row for Staff. The whole of the back part of Chapel is reserved for Staff and wives. (C. G. S. No. 43500/M. T. 4, dated 19th November 1940).

NOTICES.

In order that the building work should not be held up at all, I have been obliged to allow the contractor to use part of the Boys' Upper field for stacking his materials. I fear, therefore, that the field, or part of it anyway, will not be usable from December 1st onwards.

This is only a temporary arrangement and the field will be cleared again before next term begins.

I feel sure that the School would like me to wish the Girls' Eleven as enjoyable a trip to Delhi as the Boys' team had to Naini Tal recently; we hope they may be highly successful but whether they win or lose we feel sure we can count on them to uphold the School's credit in the capital of India.

SANAWAR, 5TH DECEMBER, 1940.

No. 731, SEATING—For the Nativity Play, the first five pews should be left empty; the Lower School Boys House may use the gallery if accompanied by a grown-up; the three pews near the piano should be left for choir-boys. With these exceptions, seating should be as usual. If the side aisles are used, then there is no objection to boys and girls manoeuvring themselves so as to avoid getting pillars between them and the tableaux and for this reason it is advisable to have not more than three in a pew in the side aisles.

For the Carol Service, the Juniors will require the next four pews after the Principal's pew for Wolfe and the first seven pews on the other side for Clive. Lower School Houses should come next behind the Junior School as they have a Carol of their own.

The back of Chapel and the gallery is reserved for Staff, families and visitors.

For Speeches on Prize Giving Day, Upper School Houses only will attend. The programme will be (1) Speeches (2) the School Song (3) Distribution of Prizes.

Lower School will come in during the singing of the School Song and sit in the front of Gaskell Hall, so places should be left for them. Juniors will also come in then and will go up to the gallery. Lower School and Juniors will be brought in by their matrons and should be collected at some convenient place where they may sit down and talk quietly without disturbing the proceedings in Gaskell Hall. The C. I. and the Head Matron will be responsible for the seating on these occasions.

No. 732, BUILDINGS—Numbers 10, 11 and 20 will have to be vacated as soon as possible after term ends. No date has been given yet for the commencement of the work on these buildings so that Staff who are living there may continue to do so till warned to vacate but it is improbable that work will be delayed beyond December 18th. Beds in the top storeys of 10 and 11 should be moved to the floor below and stacked there for the present; clothing rooms, House-rooms and the Staff quarters attached to these top dormitories must be completely stripped.

Staff in Number 20 should leave all their personal property packed and labelled; it will be moved by School labour to their new quarters during the vacation.

Lower Five A and the Geography Room must also be cleared for extensive alterations; the equipment for these rooms may be stored in other form rooms but the greatest should be taken of the maps etc. belonging to the Geography Room.

NOTICES.

Tea will be at 6 o'clock or thereabouts on Friday and I and most other members of Staff will be in our respective quarters from half-past six for an hour or so for the benefit of those who wish to say good-bye. I feel that all boys and girls should attempt to see their form master or mistress before they leave for the vacation; they will, of course, see their Housemasters and matrons on Saturday when travelling money is given out.

Mrs. Evans and I do not propose to send Christmass cards to anyone this year nor, naturally, do we expect them. In war-time we hope both Staff and children will take the will for the deed; the deed will have to remain in abeyance, I fear, till happier times.
