No. 78, WATER—The M. E. S., have drawn our attention to the need for economy in the use of water. Reserves for the summer weather are still much below the quantity required and the consumption of water must be restricted to the very minimum wherever possible. Unless rigid economy is observed now we shall have to suffer for it later on as rationing may have to be introduced to make the water last out until the monsoon is well established.

More especially do I wish to record my sincere appreciation of the splendid work of all stall-holders, helpers, and contributors.

Apart from a small sum set aside to cover losses and breakages, the total takings (details of which will shortly be published) were sent to His Excellency the Commander-in-Chief from whom I have received the following letter of acknowledgment.

"Thank you very much for your letter of the 20th June and for the cheque for Rs. 2,150. On behalf of the fighting services I thank you and all members of the School for this truly munificent donation.

I appreciate the wish of the School that this particular sum should be devoted to the benefit of the fighting services at home and I will make arrangements that this will be done. I will in due course let you know to which fund this has been sent.

With deep appreciation.

Yours sincerely,

Our Indian School Cub Pack have now returned to Sanawar after participating in the rally and competition held at Barne's Court, Simla. They did exceptionally well and were awarded the H. B. No. 428. MESSAGE—I. A. O. Special/41 of the 3rd September is reproduced.

The following message has been received by His Excellency the Commander-in-Chief from the Chief of the Imperial General Staff, the War Office, London, for communication to all troops in India :—

“As we enter into the third year of the war the Army can look with pride upon what has passed and with confidence into the future. We have passed through times of defeat and anxiety, through weary months of waiting and through days of triumphant success. No one can predict what the future holds for the Army, which in these two years by its own endeavour and with the help of its brothers in industry, has grown in strength and efficiency. There may still be months of waiting and preparation for some; there may still be heavy blows to be met by others; but whether patience or hardihood is demanded of the soldier he will, I know, carry out his task with high-hearted confidence in absolute assurance that, whether it comes soon or late, victory will be ours.”

No. 429, HOLIDAYS—Children going to Simla will catch the 8-27 train from Dharampore on the morning of the 13th September. Those who are walking down should leave Sanawar by 7-20 a. m. at the latest. The undermentioned children will travel by car to Dharampore :—

Patricia Galley	Audrey Jones	Derek Norman

Dawn Hammond	Dorothy McKenna	Eric Stringer
June Hammond	A. Meakings	Winifred Wright
Marion Hammond	Daphne Meakings	

Simla children will leave Simla on the return journey by the 2-55 p. m. train which arrives at Dharampore at 6-42 p. m. We have written to the railway authorities for the necessary reservations but as yet have not had a reply.

On behalf of the School I have acknowledged H. E.'s gift which will be given to the Christmas Tree Fund.

No. 443, VISITORS—From time to time it is our unpleasant duty to turn unauthorised visitors off the estate. Recently there has been an alarming increase in the number of people, from Gharkal and neighbouring villages, wandering around Sanawar under the impression that it is a pleasure ground. I want members of the Staff, European and Indian alike, to do their utmost to stop this practice. They have the right to challenge any person or persons of whom they may be doubtful and to take such measures as they feel are warranted. The Secretary and Assistant Secretary should make this Order clear to the menial Staff.

**NOTICES.**

**FOUNDER'S DAY**—The following telegrams were received:—

From the Bishop of Lahore. "All good wishes for happy and successful Founder's".

From the Reverend and Mrs. P. Trutwein. "A happy Founder's to all".

From Miss E Waddell, Headmistress, Lawrence College, Ghora Gali. Miss Waddell was for many years a member of our Girls' School staff.

"Happy Founder's everyone".

From the many congratulations that have been showered on us I am lead to believe Founder's Day was not unsuccessful. Parents and visitors tell us they were considerably impressed with all we did and with the smoothness of our arrangements. Such things do not come about by themselves and there has been a great deal of thought and planning and preparation going on these last few weeks. Any compliments I received were on behalf of the School and I want to thank most warmly and sincerely all those, whether Staff or children, who gave so unsparingly of their time and energy and personal convenience and thus made Founder's Day the success it undoubtedly was.

No. 565, EVASION OF CENSORSHIP—I. A. O. 1974/41. is published for information:—

1. Cases have come to notice of Censorship being evaded by military personnel, either by making use of a private code or by arranging for letters to be delivered by the hand of a friend.

2. The effect of the use of such a code is generally that the recipient of a letter is put into possession of information to which he is not entitled and the communication of which, therefore, involves a breach of military security. Such an action may, although not so intended by the writer, endanger the safety of our troops, convoys, etc.

3. All ranks will be warned that such expedients, however innocent they may be in intention, constitute a serious breach of censorship and security regulations. Severe disciplinary action will be taken against any personnel found offending in this way in future.

4. This order will be repeated in formation and unit orders throughout India and those overseas forces which are under the command of His Excellency, the Commander-in-Chief in India.

5. India Army Order 1428 current is hereby cancelled.
