No. 141, ENLISTMENT—General Headquarters, India, are now considering the absorption of a certain number of over age boys into a proposed establishment of the Indian Signal Corps. Boys who have been accepted for the Signal Training Centre at Mhow have had to be below the age of 16 years but General Headquarters are now prepared to accept those between the ages of 16½ and 17 years, for enlistment into the Royal Corps of Signals when they reach 18. Boys should submit their names to the Secretary immediately and by Monday at the latest. Pay and prospects offered are good. The C. I. will ensure that this order is made known to all senior boys in the School.

No. 142, VISITS—It has been noticed that certain of the parents are visiting their children more often than is allowed by the School rules. In some cases they have visited their children without notifying House Staff. This must cease at once. It must also be pointed out that when parents write to a member of the House Staff it is incumbent on that member to reply. Another point to be noted is that children cannot be visited by friends if their parents have already seen them during the course of the month.

No. 143, STOCK—The Vice-Principal will check stock during the course of the month.

No. 144, BREAKAGES—Girls are making it a habit now to break panes of glass in the Stores. This comes as a result of turning one part of the building into a wall for tennis practice. This must cease forthwith. Breakages will be paid for by the individuals concerned.

No. 155, DISCIPLINE—I. A. O. 68/43 is reprinted:—

In many cases the provisions of these I. A. Os. are not being observed and I. O. Rs. have either deliberately, or through ignorance of the document's importance, lost their A. Bs. 64-M in the former case in the hope of obtaining payment in excess of that to which entitled. Another complaint is that pay books are taken away on admission to hospital and are not returned on discharge. Os. C. hospitals will give this matter their personal attention and ensure that all men discharged from hospitals are in possession of their A. B. 64 or A. B. 64-M.

Formation, etc., Commanders will impress on all concerned the imperative need for all ranks to carry at all times on their person their identity cards, A. B. 64 or A. B. 64-M, as the case may be, and also the vital importance of reporting losses of any of these documents immediately. They will also stress the fact that severe disciplinary action will be taken against personnel unable to produce their identity card, etc., when called upon to do so, and also against those who may be found to be in possession of more than one such card.

No. 159, RUMOURS—There has been a welcome decrease of late in the matter of rumours connected with the war. Perhaps as compensation for the credulous a new line of business has been opened: the latest fashion is to avoid conjecture as to the termination of hostilities and to substitute prognostication regarding the end of the world.

Please Turn Over.

The date for this interesting event is given as the 12th August, 1943.

Since, however, no official intimation has been received concerning this impending catastrophe, preparations will proceed normally for our autumn and winter activities, and particularly so in regard to our annual examination fixture with the University of Cambridge.

No. 160, FIRE—During these warm, dry days, every precaution should be taken to prevent an outbreak of fire. The pine needles now lying about in such large quantities are highly inflammable and smokers, in particular, are requested to abstain from throwing cigarette stubs or matches on to the khud-sides.

No. 161, MEDICAL—Sanawar may be considered "out of quarantine" from the 20th May, 1943.

No. 162, ACKNOWLEDGMENT—Mrs. Nagle wishes to thank members of Staff for their kindness and sympathy in her recent bereavement. She hopes that this brief notice will be accepted as a sign of her very great appreciation.

No. 163, BOTTLES—We are experiencing a considerable shortage of bottles, particularly in the School hospital from which place bottles go out regularly but never seem to return. As a result, therefore, the hospital authorities are carrying out experiments, which, it is hoped, will provide a suitable substitute for bottles. But the experiments are unlikely to reach a satisfactory conclusion in the near future and, meanwhile, it would be appreciated if members of Staff who have stocks of medicine and other bottles would despatch them forthwith to the hospital where good use will be made of them and where they are urgently required. It must be borne in mind that when bottles are issued from the hospital it is incumbent on the member of Staff receiving them to return them. The hospital has but the one chaprassi whose duties do not allow of his indulging in a house to house collection. Any gift of bottles will be gratefully acknowledged by the Medical Officer.

No. 230, I. A. O. 1415/43. TREATMENT OF FAMILIES OF OFFICERS POSTED MISSING BUT WHO ARE ALIVE :—

In certain exceptional cases, information which may be regarded as reliable is received that an officer who is still posted as missing is alive. Such information may not reveal the individual's exact whereabouts or situation and it is therefore not possible at that stage to alter the official casualty posting of "missing."

The evidence that would be accepted as justifying the treatment of the family of an officer, officially recorded as missing, as alive, would depend entirely on the circumstances of each individual case. Each case will accordingly be dealt with on its merits and the evidence available. Such cases when brought to light will be reported to General Headquarters, India, for obtaining the orders of the Government of India.

This is a very commendable effort and I should like to thank Staff and children for their response. But, in particular, I should like to thank our Indian Christian Community who, though small in numbers, contributed no less than Rs. 17/7/6 of the total amount. 1. Always wash your face well before shaving.
2. Lather your face thoroughly and for as long a time as possible.
3. Keep the blades away from steamy atmosphere or damp.
4. Never let the cutting edge of the blade touch the wrapping, towel or the fingers. The blade should be held by the ends when changing or drying.
5. Do not leave the blade in the razor.
6. Dry the blade thoroughly and carefully by drawing it towards you over a smooth towel placed on flat surface.
7. Use the two sides of the blade alternately.
8. 'Hone' the blade after shaving, and not before, on the inside of a tumbler or wine glass by pressing it down and rubbing it evenly from side to side.

No. 299, COMPLIMENTARY—The following is an extract from a letter, dated the 6th September, 1943, from His Excellency Sir Bertrand Glancy, K. C. S. I., K. C. I. E., I. C. S., Governor of the Punjab:—

“Lady Glancy and I both enjoyed the day most thoroughly and were very greatly impressed by all that we saw. I have never seen a more inspiring institution of its kind and I sincerely hope it will not be my last visit.”

His Excellency the Governor has very generously sent us a cheque for Rs. 50/- which will be devoted to the Christmas Tree Fund. On behalf of the School I have written thanking His Excellency and assuring him of our deep appreciation of his kindness and interest.

No. 302, CONGRATULATIONS—The spirit and performance of the School in two recent inter-house competitions were admirable. I refer to the Hodson Runs and the Swimming Sports.

Though, because of the rain, the Hodson tracks were heavy, the running in all grades reached a very high standard. Only once in the course of many years has the timing for the Long Hodson been better and this by a matter of seconds. In the Short Hodson this margin was reduced to a single second by a runner who has another year in the same division and who has already lowered a long-standing record in the Little Hodson. All the winners were hard pressed at the finish and the general standard of all competitors may therefore be regarded as excellent.

The performances at the Swimming Sports were equally meritorious. Last year 12 records, some of many years' standing, were established. This year no fewer than 15 records were lowered and previous timings were bettered in many events by those placed second and third as well as by the winners.

All this is indicative of a vigorous attitude; of spirit, enthusiasm, training, co-ordination, and progress towards higher standards, stimulated by a friendly if competitive spirit between Houses.

I would like to take this opportunity, therefore, of congratulating very heartily all concerned, organisers, winners, and every competitor.

SANAWAR 10TH DECEMBER, 1943.

No. 460, TRAVEL—We have been informed that children for Bangalore, Madras, Trimulgherry and Ceylon will leave Delhi by 50 Up on the 12th December. If this arrangement is confirmed at Delhi, children should wire to their parents immediately.

Children for Bhopal, Bombay, Deolali, Kirkee and Poona will travel by 6 Up from Delhi on the 12th. In their case, too, telegrams must be sent to parents. If escorts are in doubt about addresses they should get them from Office tomorrow. Please ask the despatcher and not the Secretary.

It is likely that children in the above parties will not have to change carriages at Delhi but it would be advisable, in these uncertain days, to enquire at Delhi.

No information has been received as to trains by which Calcutta, Jubbulpore, Lucknow, Allahabad, Meerut and Cawnpore parties will travel. Would escorts please ensure that telegrams are despatched as soon as they obtain details at Delhi? We have wired to the Station Superintendent at Delhi in connection with this.

No. 461, DINNER—It would be advisable to let the Junior School have their meal first at Kalka tomorrow. Would escorts very kindly arrange this? It should be made clear that children will not be served unless they are in possession of dinner coupons.

No. 463, GREETINGS—I take this opportunity of wishing all Staff and children a very happy Christmas and a bright New Year. May every one have an enjoyable holiday. Much hard and good work has been done in 1943 and I think we have reason to look back on the year with some satisfaction.
