I. A. O. No. 607/43 is republished for information and necessary action. Attention is directed to I. A. Os. 857/42, 1337/42 and 1689/42.

In many cases the provisions of these I. A. Os. are not being observed and I.O.Rs. have either deliberately, or through ignorance of the documents importance, lost their A.B. 64 M. in the former case in the hope of obtaining payment in excess of that to which entitled. Another complaint is that Pay Books are taken away on admission to hospital and are not returned on discharge. Os. C. hospitals will give this matter their personal attention and ensure that all men discharged from hospitals are in possession of their A. B. 64 or A. B. 64 M.

Formation etc. Commanders will impress on all concerned the imperative need for all ranks to carry at all times on their person their identity cards—A. B. 64 or A. B. 64 M. as the case may be, and also the vital importance of reporting losses of any of these documents immediately. They will also stress the fact that severe disciplinary action will be taken against personnel unable to produce their identity card etc. when called upon to do so, and also against those who may be found to be in possession of more than one such card.

- (i) The number of lighting points in use will be reduced by removing the bulbs and keeping them as replacements for essential bulbs which may fuse in the future. This is a unit responsibility.

For the present, passes may be issued to children going to Kasauli or Dagshai but such passes are liable to cancellation at a moment's notice. The Hockey XI will have to be confined to B. C. S. and precincts on its visit to Simla.

No. 297, FOUNDER'S DAY—Two major problems confront us in relation to the many people who wish to be here during our celebrations. One is accommodation and the other is food and much careful planning will be necessary to meet our difficulties. The Secretary, in consultation with Miss Jorgenson and Mr. Ulavi, has now drawn up a very careful and detailed scheme whereby visitors will have their meals either at the Central Mess or with Mr. Ulavi. We have been compelled to reject a large number of people because of our difficulties and I fear it would lead to disorganisation if Staff were to invite people up unless they were themselves responsible for the provision of meals. Would Staff, therefore, please first ascertain from the Office whether or not satisfactory arrangements can be made for food before they invite visitors to stay with them for Founder's week.

No. 298, FOUNDER'S—Programmes required to be printed for the celebrations should be forwarded to the Office without delay.
