No. 99, THE BEAUTY OF SANAWAR—A certain amount of controlled felling of coniferous trees has been necessary during the past year or two. This has now officially ceased. But certain residents persist in regarding the trees and hedges as legitimate sources of kindling and firewood.

To all residents of Sanawar, members of Staff, children and Indians I should like to make it absolutely clear that this practice has to stop.

Many hundreds of new varieties of trees and miles of hedging have been planted.

A great proportion of this work has been undone by thoughtless people.

To all of you who live here and love this place with its great natural beauty I would make this appeal: treat the trees and flowers and shrubs as if the whole estate were under your especial care. Do not introduce ugly and unnecessary paths; do not wantonly destroy flowers; do not break branches; do not pull up saplings. Do, however, all you can to prevent others from destroying the beauty of Sanawar which is your heritage and your trust.

All members of Staff in charge of little children and Indians will take the greatest possible care to see that this order is thoroughly understood. And I look to all residents of Sanawar who have any sense of responsibility to see that it is faithfully obeyed.

No. 100, QUARANTINE—Kasauli is in bounds for members of Staff.

No. 101, HOLIDAYS—Owing to the quarantine regulations now in force, children will not be allowed home for the Easter holidays and should inform their parents of this decision.

No. 102, VISITS—It is understood that a Station Order has appeared in certain neighbouring stations forbidding parents to visit Sanawar. There is no objection on our part to their doing so provided their visits are made with the knowledge and consent of the authorities in their respective stations.

It would be a great help, therefore, if Heads of Departments obtained lists of requirements from members of their Staff and submitted them to the Secretary before the 27th June. This refers only to cotton goods and while no guarantee is given that the goods will be supplied it will possibly help if we send as large an order as is compatible with our needs.

(a) Private dhobis must do their washing at the Kasauli or Brewery dhobi ghats.

No. 188, AUDIT—The auditors will visit the School during "the current month." Ledgers will be asked for when the exact date of the visit is made known.

No. 189, VISITS—The School rule on visits by parents is quite clear and allows of no misinterpretation but I find that parents are not only visiting their children on week days but children are being allowed to Kasauli indiscriminately. There appears to be no uniformity amongst departments in the application of the School rule and it must be stressed that parents are allowed to visit their children in Sanawar only once a month and that on a Sunday. Similarly, children are allowed to Kasauli once a month provided the School is observing a "last Saturday" or special holiday and no medical reasons preclude their going across. Heads of departments will be personally responsible to me for ensuring that this order is rigidly enforced and they will inform me by Monday, 23rd July, that they have made it known to individual members of their Staffs.

It will be appreciated that while we have reserved accommodation, obtained concessions and taken every precaution to make journeys as comfortable and expeditious as is possible, we cannot hold ourselves responsible for last-minute changes by the railways or any discomforts and inconveniences arising out of any action of theirs. Should any problems arise en route we trust escorts will deal with them vigorously and quickly. It is emphasised that children in parties are subject to School discipline until handed over to their parents/guardians.

Escorts should report by postcard on arrival at destination.

No. 368; ARMISTICE DAY—A sum of Rs. 100/- has been forwarded to the Ex-Services Association.

No. 370, GREETINGS—I take this opportunity of wishing all Staff and children a very happy Christmas and a bright New Year. May every one have an enjoyable holiday. Much hard and good work has been done in 1945 and I think we have reason to look back on the year with some satisfaction.

No. 371, CATERING—In view of the poor fare provided last year, the School is not booking dinners at Kalka in advance. It is felt children will obtain better value for their money if they order the ordinary dinner for themselves in the First Class Refreshment Room. Escorts should, however, ensure that all children in their parties obtain an adequate meal at Kalka and it is suggested that they shepherd their children to the Refreshment Room. The School has written to the Refreshment Room Manager at Delhi informing him that a large number of breakfasts will be required on the morning of December 16th. From Delhi onwards escorts will be expected to contact accredited European caterers and arrange for meals for children en route. A concession voucher has been received for Bombay children and has been issued to the escort in-charge of the Bombay party. No concession is available from the caterers operating the Delhi-Calcutta run. The Office has also written to the Manager of the Refreshment Room at Lahore.

Names of members of Staff thus detailed will be sent to Office immediately.
