No. 7. SALUTING—All ranks will again be reminded that the fact that a car is flying a formation flag indicates that the Commander is travelling in it and must therefore be saluted. It is thought that many officers and other ranks fail to salute because they cannot be sure at a distance that the flag is not one of those which are nowadays carried by various civilian cars. There is no longer any excuse for this because commanders' cars are now also distinguished by the starred plates carried on the front bumpers.

No. 8 CLOTHES—Uniform will be worn by all ranks (including women's services) when on duty.

2. (a) Subject to any restrictions which local commanders may consider necessary to meet local conditions, civilian clothes may be worn by all ranks (excluding BORs below the rank of Corporal) when not on duty.

(b) BORs below the rank of Corporal may wear plain clothes when not on duty provided they are in possession of a permanent pass (see para 1601 of King's Regulations, 1940). Withdrawal of the permanent pass will automatically entail withdrawal of the privilege of wearing plain clothes.

(c) In view of the fact that many officers are not in possession of civilian evening dress, which can now only be bought at high prices, the wearing of uniform should be encouraged as far as possible as the normal evening dress for officers after 2100 hrs.

Please Turn Over

3. The wearing of plain clothes is subject to anti-malarial precautions being observed.

4. Personnel of the Indian Army serving ex-India may wear plain clothes as laid down by the C-in-C of the force/command in which they are serving.

No. 41, VALEDICTORY—Lt. Col. A. H. Heath, M.B.E., closes his long connection with the School this week when he leaves for England on retirement. It would not be possible, nor would it be the wish of Sanawarians, to allow him to leave India without expressing Sanawar's tribute to him for the great work he has done for us over a long period of years. To those of us connected with the administration of the School his work and friendship have been an inspiration in our efforts to make a success of the many problems with which we have been faced. We have never turned to him in any difficulty without receiving a full measure of his support and guidance and we realise what a pillar of strength he has been to the School. He has been Secretary to our Board of Governors for many years and his valuable advice and ripe experience of all our affairs have been invaluable. In our social life, too, Colonel Heath has been a friend to every member of the Staff and the warm affection in which he is held by all Sanawarians was evidenced in Founder's Week last year when notice of his election to the O. S. Society was received with acclamation. This short note inadequately expresses our deep debt of gratitude to him. He carries away with him the good wishes of all members of the School, past and present. We wish him a happy retirement and know that he will always be pleased to meet Sanawarians and, wherever possible, to help them. Though his official connection with the School now ceases he is as much a Sanawarian as any one of us and his interest in us and in our future will continue unabated.

No. 153, VALEDICTORY—Brigadier W. D. Edward, C. B. E., D. S. O., Sub-Area Commander and Vice-President of the Board of Governors, will be leaving India during the course of the next few days. It is impossible for us to let him depart without paying tribute to the services he has rendered the School as Vice-President and Sub-Area Commander. It is an established tradition that the relationship between the Commander at Ambala and the School is always of the happiest and we look back with gratitude to a long line of Commanders who have given unstintedly of their help and service to Sanawar. To none does the School owe more than it does to Brigadier Edward. His interest in every sphere of our life, in Staff and in children, has been deep and sincere and in saying good-bye to him we lose not merely a very capable and sympathetic Vice-President but a friend who has won the esteem of the entire station. We pay tribute, unstintingly and wholeheartedly, to his interest in us and to all that he has accomplished on our behalf. He carries away with him our hearty and deepfelt good wishes.

It follows that if used for P. T. the foot does not get properly exercised. Therefore, unless the ground, by reason of thorns, etc., is dangerous, P. T. should be done in bare feet”.

No. 255, GREETINGS—The following messages have been received:—

From Field Marshal Sir Claud Jacob—

“ It is a very long time since I left India but I perfectly remember my visits to the Lawrence Royal Military School at Sanawar and the fine work it was doing. I have been greatly interested to learn how well Old Sanawarians carried on in battle on all fronts during the last Great War and how many distinguished themselves. It speaks well for the way they were trained in their Old School and for the high standard of discipline and citizenship inculcated there. I send my best wishes to the School for the continuation of its good work and pray that God may bless all its efforts for the younger generation.”

From Field Marshal Lord Chetwode—

“ During the time I was Chief-of-Staff and Commander-in-Chief, India, I had a lot to do with the School and every year convinced me what a very valuable Institution it is. I have been connected with two Institutions whose aims are similar; the Lawrence School and the Gordon Boys' School of which I am now President. In both cases, children who are so fortunate as to be taken into them have every chance of going into the World well equipped for a successful career. Many hundreds must now be serving all over the world who have in their hearts deep gratitude to the Lawrence School. As one of its great admirers, I wish it all good fortune in the future.”

Please Turn Over.

From Field Marshal Lord Birdwood of Anzac—

I send a message of greeting to the boys and girls and all connected with that great and excellent School—The Lawrence Royal Military School, Sanawar,—on its Centenary.

How time flies. Reading as I so often still do details of Indian history, especially perhaps of about the time of the Mutiny, it hardly seems possible that getting on to a hundred years have passed since those days. It is now over 60 years since I went to India as a young officer. The Mutiny had then passed by less than 30 years and I served with many officers—then Colonels—who had served through the Mutiny as young officers and one naturally absorbed all they could tell us about it.

My regiment had been raised in Lahore by Sir John Lawrence, the elder brother of Sir Henry, and only naturally we heard much of both the great brothers. It was Sir Henry who founded your School and I know well that every single man who has passed through it, and every boy who is now there, must and ever will be proud of the fact that they were brought up at Sanawar.

May I say that I hope that you one and all will ever keep before you what, I am sure, ever actuated the great Sir Henry, that is, that Christian faith and Christian morals are the one and only cement which binds our civilisation together. Let them go and the world becomes a den of thieves or what you will. So see to it boys and girls that on the Centenary of your School everyone of you will determine to live up to all Sir Henry valued. May happiness and real good health be with everyone of you for many years to come.

Remember, Sir Henry laid down a tradition. It is for you to ensure that tradition is being kept up. If you ask me what I mean by tradition I would say I regard it as the cement which binds the present to the past, and, as such, all important; indeed, the most vital world factor on which civilisation rests—Religion, the basis of all art, arms and literature. Remember tradition influences discipline on which the forces of the Country depend—the educated discipline of intelligence, the uneducated discipline of Faith—faith and simple trust in the judgment, justice and leadership of those who by tradition are in authority, relying on no martinet methods of control but by the outcome of high ideals which result in service, duty, order to command so as to be loved in exercising power—to make, by appealing to the human factor, true friends.

But in saying all this let me add a word of warning. Do not be the slave of tradition. Do not let it altogether dominate you. Good traditions follow by all means, but avoid bad ones and always remember as regards tradition we have to *make* it as well as follow it. So see to it that the traditions we are going to leave behind us are worthy of our generation and may be of real value to those who are to follow us.

All good wishes Sanawar—Simon Mallinson (from England).

I wish we were together on this special occasion, the Centenary. All very best wishes for speedy reunion and very successful Founder's—Ted Bowen (from Hong Kong).

Love to all and sincere good wishes for happy Founder's. Wish I could be with you. Jack Howie (from Trimulgherry).

He will go down in our history as a great Principal, a man who won

many different and differing personalities into a strong and power-
ful unit. In spite of almost overwhelming difficulties Sanawar
achieved much during the period of his Principalship. We shall
carry with us for all time very happy memories of Mr. and Mrs.
Hazell. Their own regret at their sudden departure is equalled
only by our deep sorrow at their going. They had imbibed the
spirit of Sanawar and every Sanawarian who has a love for the
School will be wishing them well and will hope, in particular, that
they have a safe and pleasant voyage and that Mrs. Hazell will make
a complete and early recovery. They have arrived safely in Delhi.
Further news of them will be given to the School as it is received.

The message from His Majesty the King is reproduced below :

Buckingham Palace

Many great events have happened in India during 1947 and not the least of them is the celebration by your famous School of its Centenary.

As you all know, the School was originally for the sons and daughters of British soldiers. Recently it has entered on a new phase of its life, and it is now open to both Indians and British alike. Your school is therefore marching along with the times.

It is in the school and on the playing fields where bonds of friendship are forged. You children who come from different parts of the world therefore have a unique opportunity to form close bonds of friendship which will not be broken when you grow up.

By building up faith and trust in each other and with other peoples of the world you will do a great service to mankind.

The Queen and I wish you and your School every success in the future.

No. 265, DEPARTURE—The Bishop of Lahore, Mrs. Barne and Mrs. Tamworth will be leaving at 9 a. m. on Saturday, 18th October. It has been a very great privilege to have them in our midst for the Centenary Celebrations and everyone will agree that without them the celebrations would have been woefully incomplete. Their continued interest in the School, their sympathy and understanding are an inspiration to us all and on behalf of Sanawar I have thanked them for making the time, midst their many arduous duties, to come here and spend a few days with us.

No. 266, FOUNDER'S—In spite of our depleted numbers, the paucity of visitors and difficulties associated with supplies and other matters, Founder's Week was not unbefitting our 100th birthday. Members of Staff, it was clear, had worked excellently over many weeks to ensure that all performances reached the highest possible standard. I am most grateful to them. But children, too, did excellently and I was conscious that every single boy and girl gave of his or her best. I would like to express my thanks and deep appreciation to Staff and children alike and to congratulate them on providing as good a week's entertainment as ever I can remember.

Cholera is reported to have broken out amongst refugees in certain parts of East Punjab Area. It is caused by infected water, flies and food. The disease is preventable. You can drink Cholera; you can eat Cholera but you cannot catch Cholera.

Here are some simple rules for observation by all ranks :—

1. Cholera germs are killed by the juice of the stomach panic inhibits the flow of this juice. Do not be panicky.

Begin your day with light Breakfast. This stimulates flow of the juices.

Control of Food and Drink.

1. Drinks

(a) Water : Ensure that drinking water and also all water for washing and bathing is Chlorinated. If this is not possible it must be boiled. Soda water and other drinks, unless the source has been investigated and approved, should be avoided.

(b) Milk : must be boiled. Ice Cream should be avoided.

(c) Don't put ice in your drinks ; rather ice your drinks.

(d) Encourage Tea drinking.

2. Food.

(a) Protect food from flies.

(b) Eat freshly prepared hot food. Do not eat stale cold food.

(c) Do not eat over ripe or split Fruit.

(d) Do not eat raw vegetable.

All vegetables and fruits must be thoroughly washed in Bleach solution before use.

Cholera Inoculation.

All ranks including families and domestic servants will be inoculated against Cholera forthwith.

This procedure is in itself an indication of the High risk involved and emphasizes the necessity of rigidly observing the tried, proven preventive measures outlined above.

Mr. Gaskell had been ailing for some time but there had been a slight improvement in his condition and his death on October 19th was unexpected. Sanawarians, both Staff and children, will always have the very kindest memories of Mr. Gaskell. He was a great worker and drove his Staff and boys hard. But he had a great sense of humour which enabled him to get the best out of all those under him. Stories about him are countless and are indicative of the great popularity he enjoyed. Though 20 years had elapsed since his retirement his interest in Sanawar continued until the end. We shall be printing an appreciation of his work here in "The Sanawarian" but take this opportunity of expressing our deepest sympathies to Mrs. Gaskell and Mr. Peter Gaskell.

No. 279, DONATION—A sum of Rs. 1,000/- has been donated by the School to the Kasauli Refugee Relief Committee to be used by the Committee as it thinks best in the magnificent work it is doing. On behalf of the School I have pledged our fullest support to the task of giving all possible help to refugees. Subscriptions, however small, will be welcome and perhaps it would be a good thing for House Staff to organise their own subscription lists. Clothes of any description would also be gratefully received and can be deposited at the Office. I would like to stress that there can be no delay in the vital matter of providing help. The winter is fast approaching and the necessity for clothes and particularly warm clothes will be obvious. I am confident that the response from Sanawar will be a good one. A letter received from the Treasurer, Kasauli Relief Committee, is published for information:—

“On behalf of the Refugee Relief Committee, Kasauli, I beg to acknowledge with thanks the receipt of Rs. 1,000/- (One thousand only) as a generous donation for relief work and appreciate the noble spirit and sympathy shown by you.

The need of the hour is much greater. We hope and appeal that in view of the importance you shall further help the poor and homeless people with money and clothes as the winter season is fast approaching”.

No. 322, **ECCLIASTICAL**—Services for Sunday next, the 14th December, 1947, the Third Sunday in Advent:—

Matins 10-00 a. m.

No. 323, **REPORTS**—Terminal reports will be handed to children before their departure from School. House Staff must satisfy themselves that each child has his/her report.

No. 324, **VALEDICTORY**—For the first time in the history of the School more Staff and children are leaving than will be returning in 1948. For Sanawarians that is a sad thought. But in the name of the School I should like to say to all those who are leaving that we wish them well and that our very good wishes for their future go out to them in abundant measure. Many of the Staff now leaving have given devoted service to the School and no one realises more acutely than I do how difficult it will be to replace them at all adequately. I would ask them to accept the School's gratitude and thanks for all they have done to make the name of Sanawar stand high amongst Schools in India. They have won the esteem and affection of countless parents now scattered throughout the world. Our Sanawar family will be the poorer for their going. To Staff and children alike I extend my very good wishes for Christmas and the New Year. I hope that many of them will find it possible to keep in touch with us. For our part we shall remember for all time with pride that we served together the Lawrence Royal Military School at Sanawar.

No. 325, **GREETINGS**—The Rev. H. E. and Mrs. Hazell send cordial greetings to all Staff and children for Christmas and the New Year.
